ASSIGNMENT OF UNITED STATES LETTERS PATENT

WHEREAS, CommSky Technologies, Inc., a corporation of Cayman Islands, having a principal place of business at 4677 Old Ironsides Drive, #400, Santa Clara, California 95054, hereinafter referred to as the assignor, is the owner of one hundred percent (100%) of the full and exclusive right, including all causes of action, remedies and other enforcement rights related to U.S. Patent No.: 9,543,648, entitled "Switchable antennas for wireless applications," including any and all Letters Patents resulting from said U.S. Letters Patent and/or any and all divisions, continuations, substitutes, renewals, re-examinations and/or reissues, all non-United States patents, patent applications, and counterparts thereof.

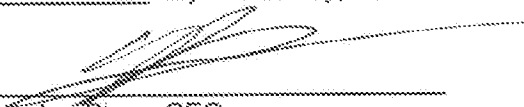

WHEREAS, CommSky Technologies Corporation, a corporation of State of California, having a registered address at 4677 Old Ironsides Drive, #400, Santa Clara, California 95054, hereinafter referred to as the assignee, is desirous of acquiring a complete interest in the entire right and title, including all causes of action, remedies and other enforcement rights related to said U.S. Letters Patent, including any and all Letters Patents resulting from said U.S. Letters Patent and/or any divisions, continuations, substitutes, renewals, re-examinations and/or reissues, all non-U.S. patents, patent applications, and counterparts thereof.

NOW WITNESSETH, that for and in consideration of One Dollar (\$1.00), and other good and valuable consideration paid by said assignee to said assignor, the receipt and sufficiency of which is hereby acknowledged, said assignor hereby assigns, sells, and transfers to said assignee, and said assignee's successors and assigns, said assignor's one hundred percent (100%) of the full and exclusive right, title, and interest in and to, including all causes of action, remedies and other enforcement rights related to said U.S. Patent, and in and to said invention and any and all Letters Patents, divisions, continuations, substitutes, renewals, re-examinations, non-U.S. patents, patent applications, and counterparts thereof, which may be granted therefor, including any and all reissues thereof; said assignee, and said assignee's successors and assigns, to have, hold, exercise, and enjoy said U. S. Patent and said invention and any and all Letters Patents, divisions, continuations, substitutes, renewals, re-examinations, non-U.S. patents, patent applications, and counterparts thereof, which may be granted therefor, including any and all reissues thereof, with all the rights, powers, privileges, and advantages, in anywise arising from or appertaining thereto, for and during the term of terms of any and all such U. S. Letters Patents when granted, including any and all reissues thereof, for the use and benefit of said assignee, and said assignee's successors and assigns, in as ample and beneficial a manner as said assignor might or could have held and enjoyed the same, if this assignment had not been made.

AND said assignor hereby agrees to perform, upon the request of said assignee, or said assignee's successors or assigns, any and all acts relating to the obtaining or the asserting of said patents, including any and reissues thereof.

Executed this 17th day of January, 2017
