ASSIGNMENT OF PATENT RIGHTS

Carewave, Inc., a Corporation of the state of Washington having its principal place of business at 1121 34th Avenue, Seattle, Washington 98122 (hereinafter referred to as "Assignor"), is the sole and exclusive owner, by assignment, of the Patents and Patent Applications listed in Schedule A, attached hereto; and

Carewave Medical, Inc., a Corporation of the state of Washington and having its principal place of business at 2401 Elliott Avenue, 5th Floor, Seattle, Washington 98121 (hereinafter referred to as "Assignee"), desires to acquire the exclusive right, title and interest in, to and under said Patents and Patent Applications listed in Schedule A and the inventions covered thereby, and in, to and under any Patent or similar legal protection to be obtained therefore in the United States of America, its territorial possessions and in any and all countries foreign thereto.

For valuable consideration, the receipt and sufficiency of which Assignor acknowledges, Assignor hereby sells, assigns, and transfers to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to said inventions and said Patents and Patent Applications listed in Schedule A for all original, divisional, continuation, continuation-in-part, substitute or reissue applications and patents applied for or granted therefore in the United States of America and all other countries on said inventions and said Patents and Patent Applications listed in Schedule A, and all right, title, and interest that exist today and may exist in the future in and to any and all of the following:

- a) all causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and other enforcement rights under, or on account of, any of said inventions and said Patents and Patent Applications listed on Schedule A and/or any applications and patents applied for or granted therefore including, without limitation, all causes of action and other enforcement rights for
 1. damages,
 2. injunctive relief, and

3. any other remedies of any kind
for past, current, and future infringement; and
- b) all rights to collect royalties and other payments under or on account of
any of said Patents and Patent Applications listed on Schedule A and/or
any applications and patents applied for or granted therefore;

the Commissioner of Patents and Trademarks is hereby authorized and requested to issue all inventions and Patents and Patent Applications on Schedule A to Assignee herein, as assignee of the entire interest therein; and the undersigned for itself and its legal representatives, heirs and assigns does hereby agree and covenant without further remuneration, to execute and deliver all divisional, continuation, continuation-in-part, reissue and other applications for Letters Patent and all assignments thereof to Assignee or assigns, to communicate to Assignee or representatives all facts known to the undersigned respecting said Patents and Patent Applications listed on Schedule A whenever requested, to testify in any interferences or other legal proceedings in which any of said application or patent may become involved, to sign all lawful papers, make all rightful oaths, and do generally everything necessary to aid Assignee, its successors, assigns and nominees to obtain patent protection for said inventions listed on Schedule A in the United States of America and all other countries, the expenses incident to said Patents and Patent Applications listed on Schedule A to be borne and paid by Assignee.
