PATENT ASSIGNMENT

This Patent Assignment is entered into by and between FirstEnergy Service Company, an Ohio corporation, ("Assignor"), with a principal place of business of 76 South Main Street, Akron, OH 44308, and FirstEnergy Ventures Corp., an Ohio corporation ("Assignee"), with a principal place of business of 76 South Main Street, Akron, OH 44308.

WHEREAS, Assignor is the owner of patent application 62/271,620, titled VEHICLE SPEED CONTROL SYSTEM ("Application"), and filed on December 28, 2015. Assignor is owner of all right, title, and interest in and to said Application and in and to any invention described therein and has full right to convey the entire interest both legal and equitable herein assigned.

WHEREAS, Assignee is desirous of acquiring the entire right, title, and interest in and to the Application.

NOW, THEREFORE, in consideration of good and valuable consideration received by Assignor, Assignor does hereby sell, assign, transfer, and set over unto Assignee, its successors and assigns, the entire right, title, and interest in and to said Application and all invention or inventions, as described therein, in any form or embodiment thereof, and in and to the Application; and in and to any application filed in any foreign country based thereon, including the right to file said foreign applications under the provisions of the International Convention; also the entire right, title, and interest in and to any and all patents, reissues, reexaminations or extensions thereof to be obtained in this or any foreign country upon said invention or inventions and any non-provisional, utility, design, divisional, continuation, continuation-in-part, or substitute applications which may be filed upon said invention or inventions in this or any foreign country; and Assignor hereby authorizes and requests the issuing authority to issue any and all Application to Assignee or its successors and assigns.

Assignor further agrees to execute all non-provisional, utility, design, divisional, continuing, substitute, improvement, extension, reissue, reexamined and other patent applications in this or any foreign country relating to the Application and to sign all other lawful papers and to perform all other lawful acts without further consideration which Assignee may deem necessary or desirable to make this Patent Assignment fully effective including by way of example, but not of limitation, the following acts:

- (1) Prompt execution of all lawful oaths, affidavits, and/or supplemental oaths required or deemed advisable by Assignee to further the prosecution of any application or applications for letters patent relating to the subject matter of this Patent Assignment;
(2) To co-operate to the best of Assignor's ability in the execution of all lawful documents, the production of evidence, and the giving of testimony in interference, opposition, nullification, or infringement proceedings involving the said invention or improvement, applications or patents or any of them.

IN WITNESS WHEREOF, the undersigned has hereunto set his hand and seal on the date set after his signature.
