CORRECTIVE ADDENDUM TO ASSIGNMENT

to correct Assignee name from NEXTBIT SYSTEMS, INC. to NEXTBIT SYSTEMS INC.

14840636	08/31/2015	-	039610 / 0937	CHAN, MICHAEL A. QUAN, JUSTIN CHU, BRIAN JAIN, AANCHAL	8054.US01; NXB-10035

B. Each of the Inventors has sold, assigned, and transferred and does hereby sell, assign, and transfer to NEXTBIT SYSTEMS INC., a corporation of Delaware, having a place of business at 290 King Street, Unit #9, San Francisco, CA 94107 ("Assignee"), for itself and its successors, transferees, and assignees, the entire worldwide right, title, and interest in (a) the Applications; (b) all applications claiming priority from the Applications; (c) all provisional, utility, divisional, continuation, substitute, renewal, reissue, and other applications related thereto which have been or may be filed in the United States or elsewhere in the world; (d) all patents (including reissues and re-examinations) which may be granted on the applications set forth in (a), (b), and (c) above; (e) all right of priority in the Applications and in any underlying provisional or foreign application; and (f) all inventions and improvements that are disclosed in the Applications.

C. Each of the Inventors has previously signed an Assignment for the Applications (the "Prior Assignments"), and those Prior Assignments have been recorded with the US Patent and Trademark Office at the reel and frame number indicated above.

D. However, those Prior Assignments mistakenly identify the name of the Assignee as "NEXTBIT SYSTEMS, INC." (with comma) when, in fact, the name of the Assignee is "NEXTBIT SYSTEMS INC." (no comma).

E. Now, therefore, each Inventor hereby corrects the name of the Assignee from "NEXTBIT SYSTEMS, INC." to "NEXTBIT SYSTEMS INC." in each of the Prior Assignments previously signed by the Inventor.

F. Additionally, some of the Prior Assignments mistakenly indicate that the Assignee's status is "a corporation organized under the laws of the United States of America" when, in fact, the Assignee is a corporation of Delaware ("Status Issue"). The Prior Assignments with the Status Issue include at least the Prior Assignments at these reel / frame locations: 039661 / 0605, 035687 / 0431, 039604 / 0103, 039610 / 0594, 039610 / 0641 and 039610 / 0768.

G. Now, therefore, each Inventor hereby corrects the status of the Assignee from "a corporation organized under the laws of the United States of America" to "a corporation of Delaware" in each of the Prior Assignments previously signed by the Inventor that includes the Status Issue.

The Inventors agree that Assignee may record this Corrective Addendum to Assignment and may generally do all lawful acts that Assignee shall consider desirable to make the correction to properly identify the Assignee. This Assignment may be executed in one or more counterparts, each of which shall be deemed an original and all of which may be taken together as one and the same Assignment.

CORRECTIVE ADDENDUM TO ASSIGNMENT

to correct Assignee name from NEXBIT SYSTEMS, INC. to NEXBIT SYSTEMS INC.

14840636	08/31/2015	-	039610 / 0937	CHAN, MICHAEL A. QUAN, JUSTIN CHU, BRIAN JAIN, AANCHAL	8054.US01; NXB-10035

B. Each of the Inventors has sold, assigned, and transferred and does hereby sell, assign, and transfer to NEXBIT SYSTEMS INC., a corporation of Delaware, having a place of business at 290 King Street, Unit #9, San Francisco, CA 94107 ("Assignee"), for itself and its successors, transferees, and assignees, the entire worldwide right, title, and interest in (a) the Applications; (b) all applications claiming priority from the Applications; (c) all provisional, utility, divisional, continuation, substitute, renewal, reissue, and other applications related thereto which have been or may be filed in the United States or elsewhere in the world; (d) all patents (including reissues and re-examinations) which may be granted on the applications set forth in (a), (b), and (c) above; (e) all right of priority in the Applications and in any underlying provisional or foreign application; and (f) all inventions and improvements that are disclosed in the Applications.

C. Each of the Inventors has previously signed an Assignment for the Applications (the "Prior Assignments"), and those Prior Assignments have been recorded with the US Patent and Trademark Office at the reel and frame number indicated above.

D. However, those Prior Assignments mistakenly identify the name of the Assignee as "NEXBIT SYSTEMS, INC." (with comma) when, in fact, the name of the Assignee is "NEXBIT SYSTEMS INC." (no comma).

E. Now, therefore, each Inventor hereby corrects the name of the Assignee from "NEXBIT SYSTEMS, INC." to "NEXBIT SYSTEMS INC." in each of the Prior Assignments previously signed by the Inventor.

F. Additionally, some of the Prior Assignments mistakenly indicate that the Assignee's status is "a corporation organized under the laws of the United States of America" when, in fact, the Assignee is a corporation of Delaware ("Status Issue"). The Prior Assignments with the Status Issue include at least the Prior Assignments at these reel / frame locations: 039661 / 0605, 035687 / 0431, 039604 / 0103, 039610 / 0594, 039610 / 0641 and 039610 / 0768.

G. Now, therefore, each Inventor hereby corrects the status of the Assignee from "a corporation organized under the laws of the United States of America" to "a corporation of Delaware" in each of the Prior Assignments previously signed by the Inventor that includes the Status Issue.

The Inventors agree that Assignee may record this Corrective Addendum to Assignment and may generally do all lawful acts that Assignee shall consider desirable to make the correction to properly identify the Assignee. This Assignment may be executed in one or more counterparts, each of which shall be deemed an original and all of which may be taken together as one and the same Assignment.

14840636	08/31/2015	-	039610 / 0937	CHAN, MICHAEL A. QUAN, JUSTIN CHU, BRIAN JAIN, AANCHAL	8054.US01; NXB-10035

B. Each of the Inventors has sold, assigned, and transferred and does hereby sell, assign, and transfer to NEXTBIT SYSTEMS INC., a corporation of Delaware, having a place of business at 290 King Street, Unit #9, San Francisco, CA 94107 ("Assignee"), for itself and its successors, transferees, and assignees, the entire worldwide right, title, and interest in (a) the Applications; (b) all applications claiming priority from the Applications; (c) all provisional, utility, divisional, continuation, substitute, renewal, reissue, and other applications related thereto which have been or may be filed in the United States or elsewhere in the world; (d) all patents (including reissues and re-examinations) which may be granted on the applications set forth in (a), (b), and (c) above; (e) all right of priority in the Applications and in any underlying provisional or foreign application; and (f) all inventions and improvements that are disclosed in the Applications.

C. Each of the Inventors has previously signed an Assignment for the Applications (the "Prior Assignments"), and those Prior Assignments have been recorded with the US Patent and Trademark Office at the reel and frame number indicated above.

D. However, those Prior Assignments mistakenly identify the name of the Assignee as "NEXTBIT SYSTEMS, INC." (with comma) when, in fact, the name of the Assignee is "NEXTBIT SYSTEMS INC." (no comma).

E. Now, therefore, each Inventor hereby corrects the name of the Assignee from "NEXTBIT SYSTEMS, INC." to "NEXTBIT SYSTEMS INC." in each of the Prior Assignments previously signed by the Inventor.

F. Additionally, some of the Prior Assignments mistakenly indicate that the Assignee's status is "a corporation organized under the laws of the United States of America" when, in fact, the Assignee is a corporation of Delaware ("Status Issue"). The Prior Assignments with the Status Issue include at least the Prior Assignments at these reel / frame locations: 039661 / 0605, 035687 / 0431, 039604 / 0103, 039610 / 0594, 039610 / 0641 and 039610 / 0768.

G. Now, therefore, each Inventor hereby corrects the status of the Assignee from "a corporation organized under the laws of the United States of America" to "a corporation of Delaware" in each of the Prior Assignments previously signed by the Inventor that includes the Status Issue.

The Inventors agree that Assignee may record this Corrective Addendum to Assignment and may generally do all lawful acts that Assignee shall consider desirable to make the correction to properly identify the Assignee. This Assignment may be executed in one or more counterparts, each of which shall be deemed an original and all of which may be taken together as one and the same Assignment.
