ASSIGNMENT
(Patent Application)

I, the undersigned, have invented certain inventions and improvements disclosed in a provisional patent application entitled "System and Methods for Optimal Allocation of Multi-Tenant Platform Infrastructure Resources," which was filed with the U.S. Patent & Trademark Office on April 27, 2016 and assigned serial no. 62/328,145, is filed herewith as a non-provisional utility patent application in the United States Patent and Trademark Office. This application also claims the benefit of U.S. Provisional Application No. 62/406,269, entitled "System and Methods for Optimizing Allocation of Resources in a Multi-Tenant Environment," filed October 10, 2016.

For good and valuable consideration, the receipt and sufficiency of which I acknowledge, I:

1. Agree to sell, assign, transfer, and convey, and hereby do sell, assign, transfer, and convey, to NetSuite Inc., a corporation of the State of California, having a principal place of business at 2955 Campus Drive, Suite 100 San Mateo, CA 94403 ("Assignee"), the entire right, title, and interest in and to:
 - (a) all intellectual property (including, without limitation, any innovation, information, invention, discovery, product, process, work or design) disclosed, embodied, shown, or claimed in the above-referenced patent application, implicitly or explicitly;
 - (b) the above-referenced patent application, any application based in whole or in part upon the above-referenced patent application, including, without limitation, any application that is a provisional, non-provisional, design, divisional, continuation, continuation-in-part, reissue, reexamination, or non-U.S. patent application based in whole or in part on the above-referenced patent application, and the right to claim priority to the above-referenced patent application; and
 - (c) any patent (including, without limitation, any U.S. and non-U.S. patents, registrations, utility models, industrial designs, design patents, continuations, continuations-in-part, divisionals, reissues and reexaminations) that is granted or issued upon, or that claims priority to, any and all applications under (b) of this paragraph or that discloses or claims intellectual property under (a) of this paragraph, in whole or in part.
2. Authorize and request the Commissioner of Patents or any other agency, U.S. or non-U.S., to issue to the Assignee any and all patent(s), or other rights or documents, resulting from the intellectual property, patent application(s) and patents under paragraph 1 of this Assignment.

3. Agree to sign all papers and documents, including without limitation, applications, declarations, oaths, and petitions, and, at the Assignee's expense, perform any acts that are necessary in connection with prosecution of patent application(s) or intellectual property under paragraph 1 of this Assignment and the enforcement of patent(s) or other rights resulting from such patent application(s) or intellectual property.
4. Agree that the terms, covenants, and conditions of this Assignment shall inure to the benefit of the Assignee, its successors, assigns and other legal representative, and shall be binding upon me, as well as my heirs, legal representatives, and assigns.
5. Warrant and represent that I have not entered, and will not enter, into any assignment, contract, or understanding that conflicts with this Assignment.

Signed on the date indicated beside my signature.
