## COMBINED DECLARATION AND ASSIGNMENT OF PATENT RIGHTS

WHEREAS, the below-named person (hereinafter referred to as "Assignor" or "Inventor") has made one or more new and useful inventions which are claimed, disclosed and/or described in the patent application identified in Section I. below (hereinafter collectively referred to as "the Invention");

WHEREAS, ABB Technology Oy (hereinafter referred to as "Assignee") a legal entity organized under the laws of Finland, desires to acquire the entire right, title and interest in, to and under the Invention and any and all United States, foreign and international patent applications and patents which claim, disclose and/or describe the Invention; and

WHEREAS, Assignor is obligated to assign to Assignee Assignor's entire right, title and interest in, to and under the Invention, and any and all U.S., foreign and international patent applications and patents which claim, disclose and/or describe the Invention;

NOW, THEREFORE, for good, valuable and sufficient consideration to the Assignor, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

### I. DECLARATION

As the below-named Inventor I hereby declare that:

This declaration is directed to the application entitled DEVICE FOR DISTRIBUTION OF ELECTRIC POWER which:

\_\_\_ is attached hereto, or

X was filed as U.S. or PCT Application No. 29/585,326 on November 22, 2016.

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor of a claimed invention in the application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

### II. ASSIGNMENT OF PATENT RIGHTS

#### A. Assignment of Patent Rights

Assignor hereby assigns and transfers to Assignee, its successors and assigns, the entire right, title, and interest in, to and under (i) the Invention, (ii) any and all U.S., foreign and international patent applications which claim, disclose or describe the Invention including, without limitation, the application identified in Section I. above, (iii) any and all continuations, continuations-in-part, divisionals, foreign counterparts, reexaminations, reissues, extensions and applications claiming the benefit of or priority to any of the foregoing, (v) any and all rights to claim priority to any of the foregoing, and (vi) any and all rights to bring an action under, receive and collect damages for infringement of and/or obtain injunctive relief for infringement of any of foregoing (hereinafter collectively referred to as "the Assigned Patent Rights").

Assignor acknowledges and agrees that the Assigned Patent Rights include any and all future applications not filed at the time of execution of this agreement which disclose, describe and/or claim subject matter of the Invention, or which claim priority to or the benefit of an application or patent which discloses, describes and/or claims subject matter of the Invention. With respect to such future applications, Assignor hereby authorizes Assignee, its counsel, or its agents to append information identifying such applications as an Exhibit A to this document at the discretion of Assignee, its counsel, or its agents.

B. Agreement to Execute Additional Documents and Provide Further Assistance

Assignor agrees to execute any and all other documents necessary or desirable to document, memorialize or perfect Assignee's interest in the Assigned Patent Rights. Assignors agree to execute any and all other documents and to provide any further assistance necessary or desirable for the procurement of patent rights on the above referenced invention in the United States and all foreign countries.

C. Assignors Representations and Warranties

Assignor represents and warrants that (i) Assignor is the rightful owner of the Assigned Patent Rights free and clear of any liens, attachments or encumbrances other than Assignor's obligation to make the present assignment to Assignee, (ii) no assignment, sale, or agreement respecting the Assigned Patent Rights has been made or entered into which would conflict with this Assignment, and (iii) Assignor has no obligation or duty which would preclude or conflict with this agreement. Assignor covenants that no assignment, sale, agreement or encumbrance will be made or entered into which would conflict with this Assignment.

D. Binding, Complete and Enforceable Agreement

Assignor acknowledges that (i) this is an enforceable agreement; (ii) this agreement embodies the entire and only understanding between Assignor and Assignee with respect to the subject matter of this agreement; (iii) no oral explanation or oral information by either party hereto shall alter the meaning or interpretation of this agreement; and (iv) if any provision of this agreement is held to be unlawful or unenforceable, such provision shall be limited or eliminated to the minimum extent necessary so that the remainder of this agreement will continue in full force and effect and be enforceable.

E. Choice of Law and Venue

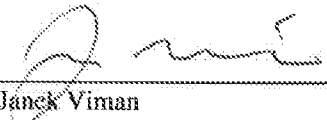

This agreement and matters connected with the performance thereof shall be construed, interpreted, applied and governed in all respects in accordance with the laws of the United States of America and the State of Indiana, without regard to choice of law or conflict of laws principles. All disputes and litigation regarding this agreement, its construction and matters connected with its performance shall be subject to the exclusive jurisdiction of the United States District Court for the Southern District of Indiana or the courts of Marion County, Indiana and Assignors and Assignee hereby waive any challenge to the jurisdiction or venue over these matters in said courts.

F. Execution

This agreement may be executed in counterparts or duplicate originals, both of which shall be regarded as one and the same instrument, and which shall be the official and governing version in the interpretation of this agreement. This agreement may be executed by facsimile signatures or other electronic means and such signatures shall be deemed binding as if they were original signatures.
