PATENTS AND PATENT APPLICATIONS ASSIGNMENT AGREEMENT

This Patent and Patent Applications Assignment Agreement ("Agreement"), entered into this 25th day of January, 2017, by and between **Varian Medical Systems, Inc.** ("**Assignor**") a corporation organized and existing under the laws of the state of Delaware and having its principle address at 3100 Hansen Way, Palo Alto, CA 94304 (United States) and **Varex Imaging Corporation** ("**Assignee**") a corporation organized and existing under the laws of the State of Delaware and having its principle address at 1678 South Pioneer Road, Salt Lake City, UT 84104 (United States).

WITNESSETH

WHEREAS, Assignee is a wholly-owned subsidiary of Assignor;

WHEREAS, Assignor and Assignee plan to enter into that certain Separation and Distribution Agreement (the "Separation and Distribution Agreement"), and prior to and in connection therewith, Assignor plans to transfer certain assets to Assignee on the terms and conditions set forth in the Separation and Distribution Agreement;

WHEREAS, Assignor is the owner of all rights, title and interests in and to the patents and patent applications listed on Schedule 1.15 of the Separation and Distribution Agreement and incorporated herein on Exhibit A attached hereto ("**Patents and Patent Applications**"); and

WHEREAS, Assignee wishes to acquire from Assignor, and Assignor wishes to transfer and assign to Assignee exclusive right, title and interest in, to and under the inventions pertaining to the Patents and Patent Applications presently owned by Assignor and in, to and under any patent or similar legal protection to be obtained therefore in the United States of America, its territorial possessions and in any and all countries foreign thereto.

A G R E E M E N T

NOW THEREFORE, in consideration of the foregoing premises and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Assignor, the parties hereto agree as follows:

1. **Transfer of Patents and Patent Applications.** Assignor hereby sells, assigns, transfers to Assignee, and Assignee hereby accepts, the full and exclusive right, title and interest to the inventions, including, without limitation:
 - a. the Patents and Patent Applications specifically listed in Exhibit A; and
 - b. all patents or patent applications (i) which directly or indirectly claim priority from the Patents and Patent Applications, or (ii) from which the Patents and Patent Applications directly or indirectly claim priority; and
 - c. all patents, patent applications, foreign counterpart patents and applications, reissues, reexaminations, continuations, continuations in part, continuing prosecution applications, requests for continuing examinations, and divisions, of or issuing from any item in any of the foregoing subsections (a) and (b); and
 - d. any provisional patent application or application filed pursuant to the Patent Cooperation

- Treaty having a filing date that any of the foregoing patents and patent applications claim the benefit of; and
- e. all other rights of priority under International Convention or United States or foreign law based on, claimed by, or otherwise relating to any of the foregoing patents and patent applications, and any patents or patent applications that claim priority from or correspond thereto.

2. **Further Assurances and Cooperation.** Assignor agrees to execute any documents in any jurisdiction as may be reasonably required to accomplish the transfer and assignment of full and exclusive right, title and interest to the inventions that Assignor has in the Patents and Patent Applications to Assignee; and Assignor agrees that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to the inventions, the applications, and the Letters Patent and legal equivalents as may be known and accessible to Assignor and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said inventions, the applications, the Letters Patents and the equivalents in the United States or in any foreign country, which may be necessary or desirable to carry out the purpose thereof, provided that any assistance provided by Assignor shall be at the sole cost and expense of Assignee.

3. **Recordation.** Assignor hereby authorizes and requests the United States Commissioner of Patents and Trademark and any officials of any other country or jurisdiction throughout the world whose duty it is to issue patents or any legal equivalent thereof to record this Assignment.

4. **Prior Assignments and Encumbrances.** Assignor hereby agrees that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Agreement.

5. **Past Damages.** As a material part of the foregoing assignment, Assignor irrevocably quitclaims, sells, assigns, transfers, and conveys to Assignee, all claims for damages, income, royalties, payments and all remedies arising out of any infringement or violation of the rights assigned hereby that may have accrued prior to the date of assignment or may accrue hereafter, including, but not limited to, the sole right to sue for, collect, and retain damages for past infringements of the assigned rights. Assignor further acknowledges that by virtue of the assignments it is precluded from joining, and separately agrees that it will not seek to join in, any legal proceeding as a plaintiff, co-plaintiff, counterclaimant or co-counterclaimant attempting to assert any of the rights, interests, claims, or causes of actions transferred and assigned hereunder.

6. **Disclaimer of Representations and Warranties.** In accordance with the Separation and Distribution Agreement, the Patents and Patent Applications are hereby assigned on an "as is" basis and the Assignee shall bear the economic and legal risks that (i) any conveyance will provide to be insufficient to vest in the Assignee good and marketable title, free and clear of any security interest, and (ii) any necessary approvals or notifications are not obtained or made or that any requirements of laws or judgments are not complied with.

7. **Entirety of Agreement.** This Agreement and the documents to be executed pursuant thereto, together, constitute the complete statement of all the arrangements among the parties with respect to their subject matter, and may not be amended, altered, modified or otherwise changed in any respect except in a writing signed by all parties.

8. **Governing Law.** The validity, construction and performance of this Assignment shall be governed by and construed in accordance with the laws of the State of California, without reference to any choice of law or conflicts of laws principles of such state; provided, however, that any aspects of this Assignment that are the subject matter of the United States Patent Act shall be governed by the federal laws of the United States.

9. **Successor and Assigns.** The parties acknowledge that they are acting on behalf of, and that this Agreement shall bind and benefit, the parties and their respective successors, assigns, parents, subsidiaries, affiliates and licensees throughout the world.
