ASSIGNMENT PATENT RIGHTS

WHEREAS, Kenneth Lee Grahl ("Assignor"), a Wisconsin resident did invent and is filing an application today February 3, 2016 titled **Scratching Device with Integrated Light** with myself, Kenneth Lee Grahl, as the sole inventor. I hereby authorize and request my attorney, Nicholas A. Brannen, of 97 South Pioneer Road, Suite 300, Fond du Lac, WI 54935, to insert here in parentheses (Application number 62/290,821, filed 3 FEB 2016) the filing date and application number of said application when known.

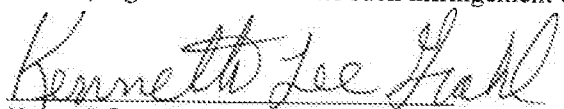

WHEREAS, Assignor desires to sell and HT Enterprises, Inc. ("Assignee") desires to acquire all of Assignor's right, title and interests in all the intellectual property regarding the designs specifically including all patent rights in the designs included in the above-noted patent applications, the patent application and all issued patents that may result therefrom;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which to ASSIGNOR from ASSIGNEE are hereby acknowledged, said ASSIGNOR, by these presents, do hereby sell, assign, and transfer unto ASSIGNEE, its successors and assigns, the entire right, title, and interest for the territory of the United States of America, its territories and possessions, and in all foreign countries, including all rights to claim priority, said patent application and all inventions as described in said patent application; said interest to be held and enjoyed by said ASSIGNEE for its own use and behoof, and by its successors and assigns, to the full end of the term of said patent application and all patents resulting therefrom, as fully and entirely as the same would have been held by ASSIGNOR had this Assignment and sale not been made.

ASSIGNOR hereby covenants that no assignment, sale, agreement or encumbrance has been made or entered into with any party other than ASSIGNEE which would conflict with this Assignment.

ASSIGNOR further covenants that ASSIGNEE will, upon its request, be provided promptly with all pertinent facts and documents relating to said inventions and said patent application and legal equivalents as may be known and accessible to ASSIGNOR and will testify as to the same in any interference, litigation or proceeding related thereto and will promptly execute and deliver to ASSIGNEE or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce any patents thereof which may be necessary or desirable to carry out the purposes thereof.

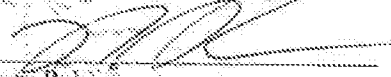

This grant specifically includes, without limitation, the right to recover for any third party infringement thereof, regardless of whether such infringement occurred before or occurs after the effective date of this Assignment.
