ASSIGNMENT

WHEREAS, We, Narahari Pujari of Bangalore, India, Siuli Sarkar of Bangalore, India, Bawa Singh of Marlton, NJ, United States, and Daniel Goswami of Kolkata, India, have invented an improvement in METAL RECOVERY (CEDA 7042.USN) and have executed an International Application based thereon assigned Serial No. PCT/GB2014/052006, filed July 2, 2014 and a US national phase application 14/900,493 filed December 21, 2015;

AND, WHEREAS, FRY'S METALS, INC. of South Plainfield, NJ, a corporation of the State of Delaware (hereinafter referred to as "ASSIGNEE") is desirous of acquiring certain rights thereunder;

NOW, THEREFORE, for one dollar and other good and valuable consideration, receipt of all of which is hereby acknowledged, we have agreed to and do hereby sell, assign and transfer unto said ASSIGNEE the entire right, title and interest, including the right to claim priority, in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to said invention, said International Application, any United States applications (including provisional, non-provisional, divisional, continuing, or reissue applications) based in whole or in part on said International Application or in whole or in part on said invention, any foreign applications based in whole or in part on any of the aforesaid International or United States applications or in whole or in part on said invention, and any and all patents (including extensions thereof) of any country which have

been or may be granted on any of the aforesaid applications or on said invention or any part thereof;

TO BE HELD AND ENJOYED by said ASSIGNEE, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by us had no sale and assignment of said interest been made;

AND We hereby authorize and request the Director of the United States Patent and Trademark Office of the United States of America to issue any and all United States patents which may be granted upon said United States applications or any of them, or upon said invention or any part thereof, to said ASSIGNEE;

AND We hereby jointly and severally agree for ourselves and for our respective heirs, executors and administrators, to execute without further consideration any further lawful documents and any further assurances, and any provisional, non-provisional, divisional, continuing, reissue, or other applications for patents of any country, that may be deemed necessary by said ASSIGNEE fully to secure to said ASSIGNEE its interest as aforesaid in and to said invention or any part thereof, and in and to said several patents or any of them;

AND We hereby jointly and severally covenant for ourselves and our respective legal representatives that we have granted no right or license to make, use or sell said invention, to anyone except said ASSIGNEE, that prior to the execution of this deed our right, title and interest in said invention had not been

otherwise encumbered; and that we have not executed and will not execute any instrument in conflict herewith.

IN WITNESS WHEREOF, we have hereunto set our hands.
