Title: DISPLAY OF BINDING AGENTS
International Filing Date: June 26, 2008
International Patent Application No.: PCT/AT2008/000232

AND WHEREAS, f-star Biotechnologische Forschungs- und Entwicklungsges.m.b.H., having an address at Gastgebasse 5-13, A-1230 Wien, Austria (hereafter, together with any successors, legal representatives or assigns thereof, called "Assignee"), wants to acquire the entire right, title and interest in and to said improvements and applications and any patents which may be granted thereon.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Inventors have sold, assigned, transferred and set over, and do hereby sell, assign, transfer and set over to Assignee their entire right, title and interest in and to said improvements and said applications, including: all divisions, substitutions, continuations and continuations-in-part of said applications; all United States patents which may be granted thereon and all reissues, reexaminations and extensions thereof; all priority rights under the International Convention for the Protection of Industrial Property for every member country; all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said improvements in any foreign countries; and all patents (including all extensions, renewals and reissues thereof) granted for said improvements in any foreign countries. The Inventors hereby authorize and request the United States Commissioner of Patents and Trademarks, and any officials of

foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents for said improvements to Assignee in accordance with the terms of this assignment.

The inventors hereby covenant that they have the full right to convey the entire interest herein assigned, and that they have not executed, and will not execute, an agreement in conflict herewith.

The inventors hereby further covenant and agree that they will communicate to Assignee any facts known to them respecting said improvements, and that they will testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for said improvements in all countries.

IN WITNESS WHEREOF, the parties hereto have executed this agreement.

We declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.
