ASSIGNMENT

THIS ASSIGNMENT is made BETWEEN Enrico QUAGLIA, an Italian citizen of c/o Microtecnica S.r.l., 147, Piazza Arturo Graf, 10126 Torino, Italy and Dario SAVINO, an Italian citizen of Corso Italia, 21, 13040 Palazzolo V.se, Italy of the first part (jointly "the Inventors") AND MICROTECNICA S.R.L., an Italian company of 147, Piazza Arturo Graf, 10126 Torino, Italy of the second part ("the Assignee")

WHEREAS the Inventors are the inventors of certain invention(s) ("the Invention(s)") described and claimed in European patent application no. EP16154112.3 entitled Pressure regulating shut-off valve and filed on 3 February 2016 ("the Patent Application")

WHEREAS The Inventors each confirms that he made the Invention(s) in the course of his normal duties as an employee of the Assignee

AND WHEREAS The Inventors have agreed to assign to the Assignee all such rights as he may have in the Invention(s) so that the Assignee may enjoy the full benefit of the Invention(s)

NOW THEREFORE in consideration of the sum of one pound sterling now paid by the Assignee to the Inventors, receipt of which is hereby acknowledged, the Inventor HEREBY ASSIGNS to the Assignee all right title and interest in and to the Invention(s) in any country of the world including: the right to file applications for, and be granted, patents, utility models, registered designs, design patents, registration of copyright or other intellectual property rights in any country of the world, in respect of the invention(s), whether under national regional or international arrangements, and the right to claim priority under any national, regional or international law or treaty from the Patent Application or from any other Application for intellectual property rights in respect of the invention(s) TO HOLD the same unto the Assignee absolutely.

The Assignee shall have the right to file applications for and/or be granted patents, utility models, registered designs, design patents, and any other intellectual property rights in its own name or in the names of the Inventors or in such other name or names as the Assignee may desire and the Inventors acknowledge that if any such applications are filed or rights granted in the name of the Inventor the same shall be held in trust by the Inventors for the Assignee and shall at the request of the Assignee be transferred from the Inventor to the Assignee for no further consideration.

The Inventors hereby covenant with the Assignee if and when required by the Assignee to sign execute and do all such further documents acts or things as may be necessary or desirable to enable the Assignee to procure and enjoy the full and exclusive benefit of the Invention(s) and of all rights therein including patents, design patents, registered designs, utility models or other intellectual property rights in any country of the world including if required the execution of further assignments by way of confirmation of this assignment and the execution of documents in connection with applications for patents, utility models, registered designs, design patents or any other intellectual property rights in the Inventor's own name in respect of the United States of America or any other country.
