ASSIGNMENT OF PATENT RIGHTS

I, Antonio C. Lyon, residing in Weston, Florida, inventor of the "U-GLOVE Marketing Method and System" (the "Assignor Inventor"), having filed an application for United States Letters Patent under number 14/260,973, transfer all rights and licenses to U-GLOVE, Inc. (the "Assignee").

Therefore, for valuable consideration, the receipt of which is acknowledged, Assignor Inventor assigns to Assignee 100% of his right, title and interest in the invention and Patent application to Assignee for the entire term of the consequently Patent and any reissues or extensions and for the entire terms of any patents, reissues or extensions that may issue from foreign applications, divisions, continuations in whole or part or substitute applications filed claiming the benefit of the Patent. The right, title and interest conveyed in this Assignment is to be held and enjoyed by Assignee and Assignee's successors as fully and exclusively as it would have been held and enjoyed by Assignor Inventor had this assignment not been made.

The Assignor Inventor agrees to make, execute, and deliver to the Assignee, all documents in such usual or other forms, terms, or contents as may be required by the Assignee, for the prosecution of all applications arising from this invention, as well as after issuance of Letters Patent, and for the settlement of any interference or other action or proceeding, these applications and Letters Patent may encounter.

The Inventor Assignor further agrees to: (a) cooperate with Assignee in every way to protect the invention, except that any expenses arising through such assistance will be borne, through proper arrangement, by the Assignee; (b) prosecute and protect the invention of foreign counterparts; (c) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (d) perform such other acts as Assignee lawfully may request to obtain or maintain the Patent and any and all applications and registrations for the invention in any and all countries.

I warrant that there are no outstanding assignments, grants, liens, encumbrances, or agreements, oral, written, or implied, that will impair the interests conveyed in this assignment at the time I execute this instrument.

In testimony thereof, I sign

Antonio C. Lyon
