**PATENT ASSIGNMENT**

**WHEREAS**, KENRA PROFESSIONAL, LLC, (hereinafter, "Assignor"), a Delaware Limited Liability Company having a place of business at 22 E. Washington Street, Indianapolis, Indiana 46204, USA, is the owner of the United States patent applications shown on Schedule A (hereinafter, the "Patents"); and

**WHEREAS**, HENKEL US IV CORPORATION, (hereinafter, "Assignee"), a Delaware corporation having a place of business at One Henkel Way, Rocky Hill, Connecticut 06067, USA, desires to acquire the entire right, title and interest in and to said Patents.

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor, as of the Effective Date set forth below, does hereby sell, assign and transfer to Assignee, and its successors and assigns, the entire right, title and interest in the Patents, together with and all reissues, divisionals, continuations and continuation-in-part applications and any patents issuing thereon, and including without limitation the subject matter of all claims which may be obtained therefrom, rights of priority under International Convention for the Protection of Industrial Property, the Inter-American Convention Relating to Patents, Design and Industrial Models, and any other international agreements to which the United States adheres; together with all income, royalties, damages, claims and payments now or hereafter due or payable with respect thereto, and in and to all causes of action (either in law or in equity) and the right to sue, counterclaim, and recover for any and all legal and equitable claims for past, present and/or future infringement, damages, or other unauthorized use of the rights assigned to Assignee hereunder.

Assignor authorizes and requests the U.S. Patent and Trademark Office, or any foreign equivalent thereto, to record Assignee as owner of the Patent Properties, and to issue any and all letters patent of the United States, or any other country, thereon to Assignee, as assignee of the entire, title and interest in, to and under the same, for the sole use and enjoyment of Assignee, its successors, assigns or other legal representative.

Assignor hereby agrees to provide cooperation and assistance to, and to execute any papers and to perform such other proper acts as Assignee, or its successors, assigns or

other legal representative, may deem reasonably necessary to secure to Assignee or to its successors or assigns, the rights hereby transferred and to maintain the full value of such rights; provided, however, that the provision of the foregoing cooperation and assistance by Assignor shall be at the sole expense of Assignee. Such cooperation and assistance shall include the execution of any papers and to perform such other proper acts as Assignee, or its successors, assigns or other legal representatives, may deem reasonably necessary to secure to Assignee, or to its successors or assigns, the rights hereby transferred, including without limitation (i) to prepare and prosecute any applications covering the inventions assigned herein; (ii) to prosecute or defend any interference, opposition, reexamination, reissue, infringement or other proceedings that may arise in connection with any of the rights assigned herein; (iii) to obtain any additional patent protection that Assignee may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or any other country; and (iv) in the implementation and perfection of this Assignment.

**IN WITNESS WHEREOF**, Assignor and Assignee have signed this Patent Assignment as of the 31<sup>st</sup> day of December, 2016 ("Effective Date").
