## ASSIGNMENT OF INVENTION AND PATENT RIGHTS

WHEREAS, Angelo L. Mazzei of Bakersfield, California, hereinafter referred to as "Assignor," is the inventor of the invention described and set forth in the below identified application for United States Letters Patent:

Title of the Invention: Proportionate Automated Blending System for Aqueous Mixtures  
(the "Invention")

Application Serial Number: 15/207,909 (the "Application")

Filing Date: July 12, 2016

WHEREAS, Mazzei Injector Company, LLC of 500 Rooster Drive, Bakersfield, California, 93307, hereinafter referred to as "Assignee", was, at the time of the conception and reduction to practice of the Invention, entitled to acquire Assignor's interest in the Invention and the Application and in any Letters Patent which may be granted for the Invention and/or on the Application anywhere in the world;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN: Be it known that, for good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer to Assignee, and to Assignee's successors and assigns, all of Assignor's right title and interest in and to the Invention and the Application, and in and to any Letters Patent which may hereafter be granted on the Application in the United States or anywhere else in the world, the said interest to be held and enjoyed by Assignee as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment and transfer not been made, to the full end and term of any Letters Patent which may be granted thereon, or of any application claiming priority thereto, including any divisional, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignor further agrees that Assignor will, without charge to Assignee, but at Assignee's expense, cooperate with Assignee in the prosecution of said Application and any later applications which may be filed based upon the Invention and/or the Application, and will execute, verify, acknowledge and delivery all such further papers, including applications for Letters Patent and for the reissue thereof, and instruments of assignment and transfer thereof, and will perform such other acts as Assignee lawfully may request, to obtain or maintain Letters Patent for the Invention and improvements thereof, and to vest title thereto in Assignee, or in Assignee's successors and assigns.

IN TESTIMONY WHEREOF, Assignor has signed his/her name on the date indicated.

  
Angelo L. Mazzei

Dated: 11-15-16
