ASSIGNMENT

WHEREAS, I, WILLIAM MICHAEL COOPER, a citizen of the United States residing at 902 Hickory Street, Crossett, Arkansas 71635 ("Assignor"), have invented certain new and useful improvements in "AUTOMATED LOADING SYSTEM ALIGNMENT ASSEMBLY", for which an application for United States Letters Patent was executed concurrently herewith or was filed on February 15, 2017, and accorded Serial No. 15/433,133 ("Application"); and

WHEREAS, Georgia-Pacific Consumer Products LP, a limited partnership of the State of Delaware having a place of business at 133 Peachtree Street, N.E., Atlanta, Georgia 30303 ("Assignee"), desires acquiring or has acquired Assignor's interest in the above-identified invention, the above-identified patent application, and any related patent applications and patents;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor by these presents does hereby sell, assign, and transfer, or by virtue of employment agreements or other applicable agreements has sold, assigned, and transferred, unto Assignee, its successors, legal representatives, and assigns, Assignor's entire right, title, and interest in and to the above-identified invention, the above-identified patent application, the entire right, title, and interest in and to provisional application number 62/302,969, filed March 3, 2016, any U.S. or foreign patent applications related to the above-identified invention, any U.S. or foreign patent applications claiming priority to any of the above-referenced patent applications, including any division, continuation, continuation-in-part, reexamination, reissue, extension, substitution, or renewal of any of the above-referenced patent applications, any right to claim priority arising from or required for any of the above-referenced patent applications under any applicable convention, treaty, statute, or regulation, any other right, privilege, or form of protection related to the above-identified invention or any of the above-referenced patent applications, and any U.S. or foreign patent granted from any of the above-referenced patent applications, to the full end of the term of the patent, to be held and enjoyed by Assignee, its successors, legal representatives, and assigns as fully and entirely as it would have been held and enjoyed by Assignor;

AND, Assignor hereby authorizes Assignee to file any of the above-referenced patent applications in the name of Assignee or its designee, and Assignor authorizes and requests the patent office of any country to issue any patent granted from any of the above-referenced patent applications in the name of Assignee or its designee, and Assignor further authorizes Assignee to insert the serial number and filing date of the above-identified patent application into this Assignment if unknown upon execution of this Assignment; and

AND, Assignor hereby warrants and covenants that Assignor has not and will not execute any assignment or other instrument in conflict with this Assignment;

AND, Assignor hereby covenants and agrees to do everything possible to aid Assignee, its successors, legal representatives, and assigns, to obtain, maintain, and enforce protection in the U.S. and foreign countries for the above-referenced invention, patent applications, and patents, including signing lawful papers, executing patent applications, making assignments, rightful oaths, and declarations, and testifying in judicial or administrative proceedings.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 26th day of January, 2017.

William Michael Cooper
