(collectively referred to hereinafter as "ASSIGNEES") the entire right, title and interest throughout the world and without geographic restriction, in and to his/her invention(s) relating to:

Invention Title: SPORTS BALL AND METHOD OF MANUFACTURING SPORTS BALL

A disclosure of which is set forth in United States Non-Provisional Patent Application (check one):

_____ executed concurrently herewith,
_____ executed on _____,
X Serial No. 15/410,190, filed on January 19, 2017,

and in and to said Patent Application, including the entire right, title and interest throughout the world and without geographic restriction, in and to any and all applications directly or indirectly claiming priority thereof or therefrom in any country throughout the world and without geographic restriction, including any divisions, continuations, and continuations-in-part thereof, in and to any and all patents, patent rights, patent privileges, and patent protections of any kind or of any country and/or under any applicable treaty or convention, which may arise from or issue on or from any such application(s) or for said invention(s) disclosed therein, including any and all reissues, re-examinations, renewals, and extensions thereof, and any rights and claims to any legal or equitable relief for infringement thereof, all to be owned, held, and enjoyed by said ASSIGNEES, their successors, legal representatives and assigns, to the full end of the term or terms for which any and all such patents or patent rights may be granted, as fully and entirely as would have been held and enjoyed by the undersigned had this Assignment not been made.

The undersigned hereby authorizes and requests the U.S. Commissioner of Patents and Trademarks to issue all such patents for said invention to ASSIGNEES, their successors or assigns, in accordance with the terms of this Assignment. The undersigned hereby authorizes and requests the Commissioner for Patents for the USPTO and the appropriate officers of the USPTO and all other patent offices or jurisdictions in which any of the aforesaid patent application(s) or patent(s) are or may be recorded, registered or pending, to record and register this Assignment upon request by ASSIGNEES. The undersigned hereby agrees that, from time to time after the execution of this Assignment by the undersigned, the undersigned shall execute any and all documents, including assignments, transfers and related powers of attorney, and take all other further actions as may be necessary or reasonably requested by ASSIGNEES to effect, record, perfect or enforce the transfers set forth in this Assignment and ensure that all of Assignor's right, title and interest in and to the aforesaid patent application(s) and patent(s) are properly assigned to ASSIGNEES, their successors and assigns in accordance with this Assignment.

The undersigned represents, warrants, covenants, and agrees that he/she has the full and unencumbered right, power, and authority to sell, assign, transfer, and convey the invention(s), patent(s), patent application(s), and related patent interests herein sold, assigned, transferred, and conveyed to ASSIGNEES, and that he/she has not executed and will not execute any document or instrument in conflict herewith.

The undersigned further represents, warrants, covenants, and agrees he/she will communicate to said ASSIGNEES, its successors, legal representatives or assigns all information known to him/her relating to all of the aforesaid invention(s) or patent application(s), and that he/she will execute and deliver any papers, make all rightful oaths, testify in any legal proceedings and perform all other lawful acts deemed necessary or desirable by said ASSIGNEES, their successors, legal representatives or assigns to perfect title to or to obtain and enforce patent protection for said invention(s), and for said application(s) including any applications claiming priority directly or indirectly therefrom, any divisions, continuations-in-part, and continuations thereof, and to any and all patents which may be granted therefor or thereon, including reissues or extensions, in said

ASSIGNEES, their successors, or assigns, or to assist said ASSIGNEES, their successors, legal representatives or assigns in obtaining, reissuing or enforcing patents for said invention(s).

The undersigned hereby grants the firm of Taft Stettinius & Hollister LLP, or any partner thereof, or any registered practitioner associated with U.S. Patent and Trademark Office Customer Number 24240, the power of attorney to insert into this Assignment any further identification that may be necessary or desirable to comply with the rules of the U.S. Patent and Trademark Office concerning recordation of this Assignment.
