ASSIGNMENT

This Assignment made by me, David Peddie, a citizen of Norway, residing at Søreidåsen 28, 5252 Søreidgrend, Norway, hereinafter referred to as "ASSIGNOR".

WHEREAS, I am the inventor of certain new and useful improvements in an invention entitled, "Method for Operation of an Unmanned Ocean Vessel," Docket No. 2014-0270, for which an application for Letters Patent of the United States is being made herewith;

WHEREAS, TeComAS, an institution chartered under the laws of Norway and having a principal operation and address as follows: P.O. Box 6031 - Postterminalen N-5892 Bergen Norway hereinafter referred to as "ASSIGNEE", is desirous of acquiring the entire right, title and interest of the ASSIGNOR in and to said invention as described in the above-referenced United States Patent Application, and any and all Letters Patent which shall be granted therefore;

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the said ASSIGNOR, have sold, assigned, transferred and set over unto the said ASSIGNEE, its successors and assigns, the ASSIGNOR entire right, title and interest in and to the above-mentioned application and invention and in and to any and all Letters Patent of the United States which may hereafter be granted therefore, and in any and to any and all continuations, continuations-in-part, substitutions, divisions or reissues of said Letters Patent, the same to be held and enjoyed by the said ASSIGNEE, for its interest, and for its own use and behalf, and the use and behalf of its successors and assigns, to the full end of the term for which said Letters Patent may be granted as fully

and entirely as the same would have been held and enjoyed by me had this assignment and sale not been made.

And for the consideration aforesaid, I hereby covenant and agree to and with the said ASSIGNEE, its successors and assigns, that at the time of the execution and delivery of these presents I am the lawful owner of the entire right, title and interest in and to the invention, application and Letters Patent above-mentioned and that the same is unencumbered, and that I have good right and lawful authority to sell and convey the same in the manner herein set forth.

And for the consideration aforesaid, I hereby covenant and agree to and with the said ASSIGNEE, its successors and assigns, that I will, whenever its counsel or the counsel of its successors and assigns, learned in the law, shall advise that an amendment, division, continuation, continuation-in-part, or substitution of, or in any other proceeding in connection with said application, including interference and/or derivation proceedings, is lawful and desirable, sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid Letters Patent for said invention, or for the reissue of the same without charge to my said ASSIGNEE, its successors or assigns, but at its or their expense.

I hereby request the Commissioner for Patents to issue the Letters Patent in accordance with this instrument.

IN WITNESS WHEREOF, I have hereunto set my hands and seal on the date provided below:

Date: 21 sept 2015

David Peddie
