INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (the "Assignment"), dated as of February 1, 2017, is by and between Greene's Energy Group, LLC ("Assignor") to Coastal Chemical Co., L.L.C. ("Assignee").

WHEREAS, Assignor is the owner of certain intellectual property listed on the attached Schedules A and B (the "Assigned IP");

WHEREAS, Assignor and Assignee have entered into an Asset Purchase Agreement of even date herewith ("APA") pursuant to which Assignor is selling certain assets to Assignee, including the Assigned IP; and

WHEREAS, pursuant to the APA, the Assignee has acquired all right, title and interest in and to the Assigned IP, including any and all goodwill of the business associated with the use of, and symbolized by the trademarks, and the parties wish to record such acquisition in the United States Patent and Trademark Office and corresponding entities or agencies in any applicable jurisdictions.

NOW, THEREFORE, in consideration of the good and valuable consideration paid by the Assignee to the Assignor, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignment of Trademarks. Effective as of the date hereof, and pursuant to the APA, Assignor sells, transfers, conveys, assigns and delivers to Assignee and Assignee accepts all right, title and interest of Assignor in and to (i) the trademarks, service marks, brands, certification marks, trade dress, trade names, logos, slogans, packaging, designs, labels and other indicia of origin of use set forth in Schedule A hereto, together with the goodwill connected with the use thereof or symbolized thereby; (ii) all pending applications and renewals for any of the foregoing; (iii) all income, royalties, fees, proceeds damages and other payments now or hereafter due or payable with respect to any and all of the foregoing (including payments under all licenses entered into in connection therewith, and damages and payments for past, present and future infringements of the foregoing); and (iv) all claims and causes of action with respect to any of the foregoing, including the right to sue or otherwise recover for any and all past, present and future infringements and misappropriations thereof (the "Assigned Trademarks").
2. Assignment of Patents. Effective as of date hereof, and pursuant to the APA, Assignor sells, transfers, conveys, assigns and delivers to Assignee and Assignee accepts all right, title and interest of Assignor in and to (i) the patents and patent applications, design patents and design patent applications, design registrations, statutory invention registrations, inventions and invention disclosures set forth in Schedule B hereto; (ii) all reissues, divisions, continuations, continuations-in-part, provisionals, substitutes, renewals and extensions thereof, all improvements thereon, and other government-issued indicia of invention ownership; (iii) all income, royalties, fees, proceeds damages and other payments now or hereafter due or payable with respect to any and all of the

foregoing (including payments under all licenses entered into in connection therewith, and damages and payments for past, present and future infringements of the foregoing); and (iv) all claims and causes of action with respect to any of the foregoing, including the right to sue or otherwise recover for any and all past, present and future infringements and misappropriations thereof (the “Assigned Patents”).

3. Further Actions. Following the date hereof, upon Assignee's reasonable request, and at Assignee's sole cost and expense, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any additional assignment or other documents, as may be reasonably necessary to effect, evidence, or perfect the assignment of the Assigned IP to Assignee, or any assignee or successor thereto.
4. Successors. This Assignment shall inure to the benefit of and is binding upon the respective successors and assigns of Assignor and Assignee.
5. Governing Law. This Assignment shall be governed by, and construed in accordance with (i) the laws of the United States, in respect to trademark and patent issues, and (ii) in all other respects, including as to validity (except for patent and trademark issues), interpretation and effect, by the laws of the State of Delaware without giving effect to the conflict of laws rules thereof.
6. Counterparts. This Assignment may be executed in separate counterparts, each of which is deemed to be an original and all of which taken together constitute one and the same agreement.
7. Miscellaneous. This Assignment is subject to all the terms and conditions of the APA. The parties intend that this Assignment is for recordation purposes only and its terms shall not modify the applicable terms and conditions of the APA.
