ASSIGNMENT

WHEREAS, we

Name: Aris Shor of Address: 973 the Dalles Avenue, Sunnyvale CA, 94087

hereinafter referred to as "Assignors" is the inventor of the invention(s) described and set forth in the below-identified application for United States Letters Patent:

Title: Antenna with Enhanced Azimuth Gain
 Date(s) of execution of Declaration: January 11, 2017
 Filing Date: _____
 Application No.: _____; and

WHEREAS, **Brocade Communications Systems, Inc.**, a Delaware corporation, with an office at 130 Hedger Way, San Jose, CA, 95134, hereinafter referred to as "ASSIGNEE," is desirous of acquiring an interest in the invention(s) and application and in any U.S. Letters Patent and Registration which may be granted on the same;

For good and valuable consideration, receipt of which is hereby acknowledged by Assignors, Assignors have assigned, and by these presents do assign to Assignee all right, title and interest in and to the invention(s) and application, and to all foreign counterparts (including patent, utility model and industrial design), and in and to any Letters Patent and Registrations which may hereafter be granted on the same in the United States and all countries throughout the world, and to claim the priority from the application as provided by the Paris Convention or the law of any country, including, without limitation, any non-provisional, division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation and/or extension thereof. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignors had this Assignment not been made, for the full term of any Letters Patent and Registration which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignors further agree that they will, without charge to Assignee, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of the application and any further U.S. Patent applications and foreign counterparts on the invention(s) and any improvements, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the invention(s) and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

Assignors hereby authorize and request _____, or James E. Parsons, to insert in this document after my signature date the application number and filing date and execution date of the Declaration of said application when known (if not already listed above).

IN TESTIMONY WHEREOF, Assignors have signed below on the date indicated.

Executed this 11th day of January, 2017.
