**ASSIGNMENT (PCT)**

Whereas We, Daniel G. Chase, Mark R. Riley, Kristian Dior Gamble, and Nicholas J. Haupt, with residences and citizenships as indicated below; have made an invention in

**COMPRESSION GARMENT SYSTEM WITH TIGHTENING APPARATUS**

Filed: 22 June 2015

PCT Application No.: PCT/US2015/036951

as described in the above-identified patent application filed under the Patent Cooperation Treaty and which claims priority and/or the benefit of the following application(s):

**COMPRESSION GARMENT SYSTEM AND METHOD WITH DONNING APPARATUS**

Filed: 23 June 2014

Application No.: 62/015,897

Now, therefore, for good and valuable consideration, receipt of which is acknowledged, we have individually and jointly agreed to assign and transfer and do hereby assign and transfer unto Tactile Systems Technology, Inc. ("Company"), a corporation of Delaware, having its principal office at 1331 Tyler Street NE, Suite 200, Minneapolis, MN 55413, its successors and assigns, the entire right, title, and interest in and to any application identified above and the inventions disclosed in any application identified above, and in and to any division or continuation (in whole or in part) of said application(s), and in and to any and all improvements in said invention made by us or any of us or made jointly with others (provided any such improvement is made during, or within one year after the termination of, the employment by the Company of whichever of us, solely or jointly with one or more others, has made the same), and in and to any and all Patents, reexaminations, reissues, or extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Patents, Utility Models, or Inventors' Certificates in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted thereon or on any divisional, continuation (in whole or in part), renewal, reexamination, reissue, or other or further application based in whole or in part upon said inventions or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by us or any of us had this assignment and transfer not been made;

We do further agree for ourselves and for our heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such other acts as we lawfully may, that may be deemed necessary by the Company, its successors, assigns, and nominees, fully to secure its right, title, and interest as aforesaid and to obtain or maintain Patents, Utility Models, or Inventors' Certificates in any and all countries;

And we do hereby authorize and request any and all Patents, Utility Models, Inventors' Certificates, and the like, which may be granted upon any of said applications to Tactile Systems Technology, Inc., as the assignee of the entire right, title, and interest therein.
