PATENT SECURITY AGREEMENT

This PATENT SECURITY AGREEMENT, dated as of March 1, 2017 (this “Agreement”), is made by Consumer Safety Technology, LLC (the “Grantor”), a Delaware limited liability company with a place of business located at 11035 Aurora Avenue, Urbandale, Iowa 50322 in favor of Ares Capital Corporation, a Maryland corporation with a place of business located at 245 Park Avenue, 44th Floor New York, NY 10167 as Administrative Agent for the Secured Parties (in such capacity and together with its successors and assigns in such capacity, the “Administrative Agent”).

WHEREAS, the Grantor entered into a Guarantee and Collateral Agreement dated as of March 1, 2017 (as amended, restated, supplemented or otherwise modified from time to time, the “Collateral Agreement”; capitalized terms used but not defined herein shall have the meaning ascribed to such terms in the Collateral Agreement), among the Grantor and each of the other grantors from time to time party thereto and the Administrative Agent, pursuant to which the Grantor granted to the Administrative Agent, for the benefit of the Secured Parties, a security interest in the Patent Collateral (as defined below); and

WHEREAS, pursuant to the Collateral Agreement, the Grantor agreed to execute and deliver this Agreement, in order to record the security interest granted to the Agent for the benefit of the Secured Parties with the United States Patent and Trademark Office.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Grantor hereby agrees with the Agent as follows:

SECTION 1. Grant of Security Interest. The Grantor hereby grants to the Agent, for the benefit of the Secured Parties, a security interest in all of its right, title and interest in, to and under any and all of the following assets and properties now owned or at any time hereafter acquired by it or in which the Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the “Patent Collateral”):

1. all U.S. patent registrations and pending applications set forth on Schedule A hereto; and
2. all reissues, continuations, divisions, continuations-in-part, renewals or extensions thereof, and the inventions disclosed or claimed therein, including the right to exclude third persons from making, using, and/or selling the inventions claimed therein.

SECTION 2. Security Agreement. The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the Agent for the Secured Parties pursuant to the Collateral Agreement, and the Grantor hereby acknowledges and affirms that the rights and remedies of the Agent with respect to the security interest in the Patent Collateral made and granted hereby are more fully set forth in the Collateral Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Agreement is deemed to conflict with the Collateral Agreement, the provisions of the Collateral Agreement shall control.

SECTION 3. Recordation. The Grantor authorizes and requests that the Director of the United States Patent and Trademark Office and any other applicable government officer record this Agreement.

SECTION 4. Governing Law. This Agreement and the rights and obligations of the parties hereunder and all claims and controversies arising out of the subject matter hereof shall be governed by the laws of the State of New York, without regard to its conflicts of law provisions.

SECTION 5. Counterparts. This Agreement may be executed in one or more counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument.
