ASSIGNMENT

Attorney Docket No. 23887US01

Inventor(s): **Martin Clark**

Mark Meyer

George Rihovsky

Application Serial No. 13/035,419

Filing Date: **February 25, 2011**

In consideration of One Dollar (\$1.00) and other good and valuable considerations in hand paid, the receipt and sufficiency of which are hereby acknowledged, the undersigned do hereby assign, to **MSL OILFIELD SERVICES LIMITED, a UK Company, having a place of business at 21 Church Road, Parkstone, Poole, Dorset. BH14 8UF**, its successors and assigns, the entire right, title and interest in the invention of the undersigned disclosed in an application for Letters Patent of the United States filed in the U.S. Patent and Trademark Office on **February 25, 2011**, entitled "**METHOD AND SYSTEM FOR INJECTING RF SIGNAL INTO A FLUID-CONTAINING SYSTEM**", which has been assigned U.S. Utility Patent Application Serial No. **13/035,419**, and which has also been identified as **Attorney Docket No. 23887US01** in the offices of McAndrews, Held & Malloy, Ltd., and in said application and any and all other applications, both United States and foreign, which the undersigned may file, either solely or jointly with others, on said invention, including but not limited to the application filed under the Patent Cooperation Treaty on February 8, 2012, which has been assigned International Application No. PCT/US2012/024306, and which has also been identified as **Attorney Docket No. 23887WO01** in the offices of McAndrews, Held & Malloy, Ltd., and in any and all Letters Patent of the United States and foreign countries which may be obtained on any of said applications, and in any nonprovisional, continuation, continuation-in-part, divisional, reexamination, reissue or extension of such applications or patents, and do hereby assign to said assignee the priority right provided by the International Convention.

The undersigned hereby authorize and request the Director of the U.S. Patent and Trademark Office to issue said Letters Patent to said assignee.

The undersigned do hereby warrant themselves to be the owners of the entire right, title and interest in said invention, and to have the right to make such assignment, and do hereby warrant that there are no outstanding prior assignments, licenses, or other encumbrances on the interest assigned.

For said considerations the undersigned do hereby agree, upon the request of said assignee, its successors and assigns, to execute any and all nonprovisional, continuation, continuation-in-part, divisional, extension, and substitute applications for said invention, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue, re-examination or extension of any Letters Patent that may be granted upon said application, and any and all applications and other document for Letters Patent in
