Exhibit 2 – Short Form of Assignment of Patent Purchase Agreement

Patent Purchase Agreement

For good and valuable consideration, the receipt of which is hereby acknowledged, **Thales** a French "société anonyme" (joint-stock company) identified with number 552 059 024 (RCS – Nanterre) ("Assignor"), does hereby sell, assign, transfer, and convey unto **France Brevets**, a company existing and organized under the laws of France, having its registered office at 47 rue de la Victoire, Paris, France and registered in the Paris Registry of Commerce with the number 531 129 195 ("Assignee"), or its designees, all right, title, and interest that exist today and may exist in the future in and to any and all of the following (collectively, the "Patent Rights"):

- (a) the patents listed in the table below (the "Patents");
- (b) all patents and patent applications (i) to which the Patents directly or indirectly claims priority, and (ii) for which the Patents directly or indirectly forms a basis for priority;
- (c) all reissues, reexaminations, extensions, continuations, continuations in part, continuing prosecution applications, requests for continuing examinations, divisions, registrations of any item related to the Patents and/or any item in the foregoing category (b);
- (d) all right, title and interest to all causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and all other enforcement rights under, or on account of, the Patents and/or any item in any of the foregoing categories (a) through (c), including, without limitation, all causes of action and other enforcement rights for
 - (i) damages (past, current and future),
 - (ii) injunctive relief, and
 - (iii) any other remedies of any kind for past, current, and future infringement; and
- (e) all rights to collect royalties and other payments under or on account of the Patents and/or any item in any of the foregoing categories (a) through (d).
