ASSIGNMENT

WHEREAS, I, Eric L. Miller, a citizen of the United States of America, residing in San Francisco, California, and having a post office address at 548 Market Street, Ste. 65242, San Francisco, California 94104, have made an invention entitled:

**NETWORKING SYSTEMS, PROTOCOLS, AND METHODS FOR CONTROLLING
TARGET DEVICES**

for which an application for Letters Patent of the United States was filed on March 3, 2015, and assigned Serial No. 14/636,852;

WHEREAS, AVI-On Labs, LLC, having an office and place of business at 548 Market Street, Ste. 65242, San Francisco, California 94104, is desirous of acquiring the entire interest in said invention, said US patent application and in any Letters Patent which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of One Dollar (\$1.00) paid to me, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I do hereby sell, assign and transfer unto the said AVI-On Labs, LLC, its successors, assigns and legal representatives, all right, title and interest in and to said invention and any improvements thereon for all countries of the world, and in and to said US patent application, including any nonprovisional patent application claiming the benefit thereof and any continuations, continuations-in-part, and divisions thereof, and any substitute applications therefor, and any patents which may issue thereon, and any reissues of the same, and including the right to claim priority under the International Convention based on said patent application; and all right, title and interest in and to every

patent application filed or to be filed on said invention in any other country, including renewals, revivals, continuations, continuations-in-part, and divisions thereof, and any substitute applications therefor, and any and all patents which may issue thereon, and any reissues and extensions of the same; and I hereby authorize and request competent authorities to grant and issue any and all patents on said invention to the said AVI-On Labs, LLC, as the assignee of the entire interest therein; and I further agree to execute upon request of the assignee such additional documents, if any, as are necessary and proper to secure patent protection on said invention throughout all countries of the world, and to otherwise give full effect to and perfect the rights of the assignee under this Assignment.

IN TESTIMONY WHEREOF, I have hereunto signed my name on the date indicated hereinafter.
