JOINT ASSIGNMENT

WE, Marc Stemerman, Daren Lynch, John Cronin, and Michael G. D'Andrea, believe that we are the inventors of the subject matter disclosed in the application for patent (hereinafter "the invention or inventions") identified herein as

SNOW PLOW BLADE

☐ for which the undersigned have executed an application for patent in the United States of America on _____ and transmitted herewith.

☒ which application for patent was filed on February 15, 2017 and has been assigned Serial No. 15/433,485 by the United States Patent and Trademark Office.

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each of the undersigned agrees to assign, and hereby does assign, transfer and set over to Chemung Supply Corporation, a corporation organized and existing under the laws of the State of New York, and having a principal place of business at 2420 Corning Road, Elmira, New York 14903 (hereinafter designated as the Assignee) his or her entire right, title and interest in the invention or inventions as represented by the application for patent identified herein (the "application") in the United States, its territories, dependencies and possessions, his or her entire right, title, and interest in the application, and his or her entire right, title and interest in the invention or inventions as regards all other national jurisdictions and international entities that have the power to grant patents, wherever situated, including without limitation all applications for patent which claim priority to and/or the benefit of the subject matter disclosed in the application for patent identified herein, including any provisional application, utility application, design application, and/or plant application, as well as any continuation application, divisional application, continuation-in-part application, reissue application, reexamination application, patent interference proceeding, foreign national application and/or any application filed or to be filed under a patent treaty such as the International Convention for Protection of Industrial Property and/or the Patent Cooperation Treaty, and any Letters Patent which may be granted therefor in any jurisdiction.

In addition to the above assignment, each of the undersigned agrees to execute all papers necessary and otherwise to fully cooperate with Assignee in connection with the aforementioned applications and any patents issuing therefrom, including any separate assignments, as the Assignee may deem necessary or expedient.

Each of the undersigned agrees to execute all papers necessary and otherwise to fully cooperate with Assignee in connection with any ex parte, inter partes, or contested proceeding, or any litigation, in connection with any of the aforementioned applications and any patents issuing therefrom, as Assignee may deem necessary or expedient.

Joint Assignment
US Serial No. 15/433,485

Each of the undersigned hereby covenants that he or she has full right to convey the entire interest herein assigned, and that he or she has not executed and will not execute, any agreement in conflict herewith.

Each of the undersigned covenants and agrees to refrain from any act that would derogate, injure, or impair the rights granted to Assignee herein or any of the aforementioned applications or any patents issuing therefrom.

In witness whereof, this instrument has been executed by each of the undersigned on the date opposite the respective name of the undersigned.

This assignment should preferably be signed before: (a) a Notary Public if within the U.S.A. or (b) a U.S. Consul if outside the U.S.A. If neither, then it should be signed before at least two witnesses.
