PATENT SECURITY AGREEMENT

This patent security agreement, dated as of February 16, 2017 (this "Agreement") is made by the Grantor ("Grantor") listed on the signature pages hereof, in favor of Acequia, LLC as collateral agent for the Investor (in such capacity and together with its successors and assigns in such capacity, "Collateral Agent").

Pursuant to that certain Second Settlement Agreement dated as of February 16, 2017 by and between Grantor and the Investor (as the same may hereafter be amended, restated, supplemented or otherwise modified from time to time, the "Settlement Agreement"), Grantor agreed to make certain payments to the Investor upon the terms and conditions set forth therein.

In partial consideration of Investor entering into the Settlement Agreement, Grantor entered into an Amended and Restated Security Agreement dated as of as of February 16, 2017 between Grantor and Collateral Agent (as the same may hereafter be amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), pursuant to which Grantor pledged and granted to Collateral Agent a security interest in the Patent Collateral (as defined below).

Grantor agrees with Collateral Agent as follows:

Section 1. Defined Terms

Capitalized terms used but not defined herein have the respective meanings given to such terms in the Security Agreement, and if not defined therein, in the Settlement Agreement.

Section 2. Grant of Security Interest in Patent Collateral

Grantor hereby pledges to Collateral Agent and grants to Collateral Agent a security interest in all right, title and interests of Grantor in and to all the following property whether now existing or hereafter from time to time acquired (collectively, the "Patent Collateral"):

all patentable inventions and designs, all letters patent of the United States or the equivalent thereof in any other country, including, without limitation, certificates of invention and industrial designs, and all applications for any of the foregoing, including without limitation, (a) each patent and patent application listed on **Exhibit A** attached hereto, (b) all reissues, substitutes, continuations, divisions, continuations-in-part, renewals, extensions, and reexaminations thereof, (c) all inventions and improvements described or claimed therein, (d) any license or similar agreements providing any right in or to any of the foregoing or otherwise providing for a covenant not to sue for infringement or other violation of any of the foregoing, (e) all rights to sue or otherwise recover for any past, present and future infringement or other violation or impairment of any of the foregoing, (f) all Proceeds of any of the foregoing, and (g) all other rights of any kind accruing under or pertaining to any of the foregoing throughout the world.

Section 3. Security Agreement

The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to Collateral Agent pursuant to the Security Agreement, and Grantor hereby acknowledges and affirms that the rights and remedies of Collateral Agent with respect to the security interest in the Patent Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated by reference herein as of if fully set forth herein. If any provision of this Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

Section 4. Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the State of Texas without reference to conflicts of law rules (except to the extent governed by the UCC).

Section 5. Counterparts

This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall be deemed to constitute one instrument.
