ASSIGNMENT OF INVENTION AND PATENT RIGHTS

Attorney Ref. No 1564-018/ddh

Whereas, we, Geof Auchinleck and Paul Sharman both of Vancouver, British Columbia, are the inventors of a certain invention entitled *Method for Calibrating Apparatus for Monitoring Rehabilitation from Joint Surgery*, the specification forming part of United States patent application to be filed herewith;

Whereas, Claris Healthcare Inc., a corporation organized under the laws of British Columbia, Canada, herein referred to as "assignee" and which has an address of 302 - 1233 Beach Avenue, Vancouver, B.C. Canada, V6E 1V4, is entitled and desires to acquire our entire right, title and interest in the same;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we hereby sell, assign and transfer to the assignee, the full and exclusive right, title and interest in and to said invention and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute related US non-provisional application(s) international applications under the Patent Cooperation Treaty, and the right to file and prosecute national patent applications and applications under the European Patent Convention; said invention, provisional application and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by assignee for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by us had this assignment and sale not been made, and covenant that we have full right so to do, and agree that we will communicate to assignee, or its successors and assigns, any facts known to us respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid assignee, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country
