ASSIGNMENT

WHEREAS we the below named inventors, (hereinafter referred to individually and collectively as ASSIGNOR), are the original, first and joint inventors, of the invention entitled:

MIXING APPARATUS AND SYSTEM

which was filed in the United States on July 28, 2016, as United States Application Serial No. 15/221,764; and which was filed in the United States on July 28, 2015, as United States Application Serial No. 62/197,957.

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the ASSIGNOR hereby:

Agrees to sell, assign, transfer, and convey, and hereby do sell, assign, transfer, and convey to Surface to Surface Inc., having a principle place of business at 5150 Forest Road, Watford Ontario N0M 2S0, CANADA (hereinafter referred to as ASSIGNEE), the entire right, title, and interest in and to (a) any intellectual property (including without limitation any innovation, information, invention, discovery, product, process, work, copyright, or design) disclosed, embodied, affixed, shown, or claimed in the above-referenced patent applications, implicitly or explicitly; (b) the above-referenced patent applications, any application based in whole or in part upon the above-referenced patent applications, and any application claiming priority to the above-referenced patent applications (including without limitation any division, continuation, continuation-in-part, reissue, reexamination, or foreign patent application based in whole or in part on the above-referenced patent applications or claiming priority to the above-referenced patent applications); and (c) any Patent (including without limitation any domestic and foreign patents, utility models, industrial designs, divisionals, continuations (in whole or in part), reissues, and reexaminations) that is granted or issued upon, or that claims priority to, any and all applications under (b) of this paragraph or that discloses or claims intellectual property under (a) of this paragraph, in whole or in part.

Authorizes and requests the Commissioner of Patents and Trademarks of the United States and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications, to issue said applications (including without limitation any division(s), continuation(s) (in whole or in part), substitute(s), reissue(s) or reexamination(s) thereof) to the ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

Agrees to execute all papers and documents, including without limitation any applications, declarations, oaths, petitions, and other papers, and entirely at the ASSIGNEE'S expense, perform any acts which are necessary in connection with the prosecution of patent applications or intellectual property and/or the enforcement of patents or other rights resulting from such applications or intellectual property.

Covenants and agrees that ASSIGNOR has full right to convey the entire interest herein assigned, and that ASSIGNOR has not executed, and will not execute, any agreement in conflict herewith.

Further covenants and agrees that ASSIGNOR will communicate to the ASSIGNEE, its successors, legal representatives and assigns, any facts known to ASSIGNOR respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional,

continuing, reissue, reexamination and foreign applications, make all rightful oaths, and generally do everything possible to aid the ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper protection for said invention in all countries.

Grants all attorneys associated with Customer Number 56719 power to insert in this assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

IN WITNESS WHEREOF, executed by the undersigned inventor on the date opposite his name.
