ASSIGNMENT

This Assignment is made

BETWEEN:

Aidan John HALL, a British citizen residing at 30 Selkirk Road, London SW17 0ES, United Kingdom; (the "Inventor")

AND:

TomTom Software Limited, a UK company of Euston Tower - 20th Floor, 286 Euston Road, NW1 3AS, London, United Kingdom;

AND:

TomTom International B.V., a Dutch corporation of Rembrandtplein 35, 1017CT Amsterdam, Netherlands (the "Assignee").

WHEREAS, the Inventor is an employee of TomTom Software Limited, and during the course of his employment has designed and invented a display panel of an electronic personal training device with a changeable computer generated icon for which have been filed the following applications:

US Design Application No. 29/452,532 on 17 April 2013;

US Design Application No. 29/452,533 on 17 April 2013;

US Design Application No. 29/452,534 on 17 April 2013.

WHEREAS, the Assignee is desirous of acquiring all right, title, and interest in and to the invention(s) as set forth in the above listed applications and the applications themselves.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the Inventors and TomTom Software Limited confirm any prior assignment to the Assignee and the right of the Assignee to file the aforementioned applications, and to the extent that the Inventors and/or TomTom Software Limited, as

appropriate, have not already done so, agree to assign, and hereby do, sell, assign and transfer unto the Assignee and its successors in interest, the full and exclusive right, title and interest in any country of the world, including the right to claim priority under the laws of the United States, the Paris Convention, and any foreign countries, to the invention(s) as described in the aforementioned applications, to the applications themselves, and all divisions, continuations, continuations-in-part, national phase applications or other applications claiming priority directly or indirectly from the aforementioned applications; and any patents, registered designs, utility models, or other similar rights which may be granted thereon, including reissues, reexaminations and extensions thereof, and all copyright and unregistered design rights throughout the world in the applications and the subject matter disclosed therein, these rights, title and interest to be held and enjoyed by the Assignee to the full end of the term for which the patents, utility models, registered designs or other similar rights, are granted and any extensions thereof as fully and entirely as the same would have been held by the Inventors and/or TomTom Software Limited, as appropriate, had this assignment not been made, and the right to sue for, and recover for past, present and future infringements of, or liabilities for, any of the rights relating to any of the applications, patents, registered designs, utility models, or other similar rights, resulting therefrom, and the copyright rights;

the Inventors and/or TomTom Software Limited, as appropriate, hereby covenant and agree to execute all instruments or documents required or requested for the making and prosecution of any applications of any type for patent, utility model, registered design or other similar rights, and for copyright, in any country of the world including, but not limited to, any provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, and as to letters patent any reissue, re-examination, or extension thereof, and for litigation regarding, or for the purpose of protecting title in and to the invention(s), the applications and patents in respect thereof, and to testify in support thereof, for the benefit of Assignee without further or other compensation than that above set forth.
