PATENT ASSIGNMENT

WHEREAS Lyndon L. Brittner, a resident of Orem, Utah, ("Assignor") has invented a new and useful improvement described and claimed in certain U.S. and foreign patent applications and patents listed in Appendix A, attached hereto; and

WHEREAS, Oak Tree IP, LLC ("Assignee"), a limited liability corporation of the State of Utah, having a business address of 1397 N 80 W Orem, UT 84057 is desirous of acquiring the entire right, title, and interest in the same;

NOW, THEREFORE, in consideration of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency whereof is hereby acknowledged, Assignor, by these presents, does sell, assign, and transfer unto said Assignee the full and exclusive right to the said invention and in and to said patents and patent applications, any right any of us may have in any prior application, including provisional applications, to which priority is claimed in said application and any and all non-provisional applications including all divisionals and continuations, substitutes, reexams, reissues and foreign counterparts of said applications and the entire right, title, and interest in, to and under any and all Letters Patent of the United States and foreign countries that may issue or be granted on said invention, including any rights to claim priority.

Assignor hereby authorizes Assignee to apply for and receive any and all United States and foreign patents relating to such improvements in its own name.

Assignors hereby authorize and request the issuing authority to issue any and all United States and foreign patents granted on such improvements to and in the name of Assignee.

Assignors warrant and covenant that no assignment, grant, mortgage, license or other agreement or encumbrance affecting the rights and property herein conveyed has been or will be made or entered into by the undersigned, and that the full right to convey the same as herein expressed is possessed by the undersigned.

When requested by and at the expense of Assignee, Assignors covenant to carry out in good faith the intent and purpose of this agreement, to execute all non-provisional, divisional, continuing, substitute, renewal and reissue.

and all other patent applications relating to any and all improvements relating to the invention; to execute all rightful oaths, declarations, assignments, powers of attorney and other papers; to communicate to Assignee all facts and provide to Assignee all documents and things known and accessible to the undersigned relating to such improvements and the history thereof, and testify as to the same in any interference, litigation or other proceeding relating thereto; and generally to do everything which Assignee shall consider desirable for vesting title to such improvements in Assignee, and to secure, maintain, defend and enforce valid and enforceable patent protection for the invention.

Assignor hereby agrees and acknowledges that the sale, assignment and transfer of rights and property set forth herein is and shall be irrevocable and binding upon the heirs, assigns, representatives and successors of Assignor and extend to the successors, assigns and nominees of Assignee.

The Commissioner of Patents is hereby authorized and requested to issue said Letters Patent to said Assignee as the assignee of the entire right, title, and interest in and to the same, for its sole use and benefit; and for the use and benefit of its legal representatives, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by us had this assignment and sale not been made.

Executed this day, March 23, 2017 at March, Utah.
