ASSIGNMENT

*11/10/2014*  
*MPL* 11/10/2014  
14/033,159

Application Number: 61/704,097 filed September 21, 2012 and ~~14/003,159~~, filed September 20, 2013  
Inventors: Bret Lanz and Matthew Molz  
Assignee: MPL TECHNOLOGY, INC., a Washington state corporation having a principal place of business at 6830 NE Bothell Way, Ste. C. PMB 471, Kenmore, WA 98028

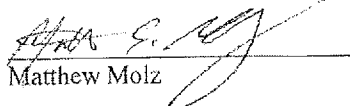

Whereas, the above-identified Inventors, have invented certain new and useful improvements in: LUBRICANT COMPOSITIONS (hereinafter referred to as the "Invention") for which application for Letters Patent in the United States of America has been made, the Application Numbers and Filing Dates for which are listed above;

And, whereas Kansas State University ("KSU") through its Advanced Manufacturing Institute ("AMI") employs one or more of the Inventors and pursuant to contract may claim an ownership/inventorship interest in said Invention;

And, whereas the undersigned Inventors together with KSU and AMI (collectively "Assignors") desire to assign a one-hundred percent (100%) undivided interest in said Invention, said application disclosing the Invention and any Letters Patent which may be granted therefore to the above-identified Assignee, and whereas said Assignee is desirous of acquiring the entire right, title and interest in the same;

Now, this indenture witnesseth, that for good and valuable consideration, the receipt whereof is hereby acknowledged Assignors hereby assign, sell and transfer a one-hundred percent (100%) undivided interest in said invention, said application, including any application(s) this application claims priority from, non-provisionals, divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted for said Invention, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to us with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto said Assignee; Assignors hereby authorize and request the Director of the United States Patent and Trademark Office to issue said United States Letters Patent to said Assignee, as assignee of the whole right, title and interest thereto; Assignors further agree to execute all necessary and lawful future documents, including assignments in favor of Assignee, or its designees as Assignee or its Assignees may from time-to-time present to us in order to perfect title in said Invention, modifications, and improvements in said Invention, applications and Letters Patent of the United States and countries foreign thereto; and Assignors further agree to sign and properly execute such necessary and lawful papers for application for foreign patents, for filing divisions, continuations-in-part of said application for patent, and/or, for obtaining any reissue or reissues of any Letters Patent which may be granted for our aforesaid Invention, as the Assignee thereof shall hereafter require and prepare at its own expense.
