ASSIGNMENT OF INVENTION

In consideration of Ten (\$10.00) Dollars and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I,

Bogdan IONELE (hereinafter the "Assignor"), whose complete address is **2 Maison Parc Court #307, Thornhill, Ontario L4J 9K4, Canada;**

agree and confirm that I have sold, assigned and transferred and by these presents do hereby sell, assign and transfer to

Dixie Electric Ltd. (hereinafter the "Assignee"), whose complete address is **517 Basaltic Road, Concord, Ontario L4K 4W8, Canada;**

all my right, title and interest in the United States of America in and to

- (1) my invention relating to **External Fan and Drive End Housing for an Air Cooled Alternator** as described and/or claimed in **United States Provisional Patent Application No. 62/314,470**, filed on **March 29, 2016**;
- (2) all improvements, including but not limited to modifications, additions, substitutions, derivatives, and deletions to said invention;
- (3) the above-identified application in (1) and all International (PCT) applications and national phase applications claiming priority thereto;
- (4) all other applications for Letters Patent in any country throughout the world for said invention and improvements, including but not limited to all divisional, continuation, continuation-in-part, renewal, reissue, and substitute applications;
- (5) all Convention or Treaty rights derived from any of said applications including without limitation, all rights of priority in Canada and the United States of America in and to said applications; and
- (6) the full and complete right to file applications for intellectual property protection in the name of the Assignee, or in my name at the Assignee's election, on said invention and improvements in all countries throughout the world.

For said consideration, I agree, upon the request and at the expense of the Assignee, its successors and assigns, to execute any and all further instruments, including but not limited to further applications for Letters Patent, and to promptly and diligently take any and all actions as may be requested by the Assignee to obtain further intellectual property registration or protection for the said invention, and any improvement thereof, and acknowledge and agree that all rights therein shall vest in the Assignee, its successors and assigns, whereby said Letters Patent will be held and enjoyed by said Assignee, its successors and assigns, to the full term of the term for which said Letters Patent will be granted, as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made.
