**PATENT**

**REEL: 041997 FRAME: 0617**

**ASSIGNMENT**

This Assignment made by us, **James Michael Lay**, a citizen of the United States of America, residing at 3205 Summer Oaks Drive, Town of Apex, State of North Carolina, 27539; **Nicholas William Medendorp, Jr.**, a citizen of the United States of America, residing at 1129 Devlin Court, City of Raleigh, State of North Carolina, 27614; and **Owen Lewis Joyce**, a citizen of the United States of America, residing at 106 Flintlock Court, Town of Cary, State of North Carolina, 27513; hereinafter referred to as assignors.

WITNESSETH: That,

WHEREAS, I believe I am an original joint designer/inventor of a design described in a U.S. design patent application filed or to be filed entitled **PHOTOTHERAPY CAP** which is a continuation-in-part of International Patent Application No. PCT/US2016/044403 filed July 28, 2016, and I authorize representatives of Withrow & Terranova, PLLC to enter the following information identifying such design patent application when known: U.S. Design Patent Application No. 29/600,518 filed on April 13, 2017 (wherein the foregoing U.S. design patent application is referred to hereinafter as "the Application");

WHEREAS, **PhotonMD, Inc.**, a corporation duly organized and existing under the laws of the State of Delaware and having a principal place of business at 627 Davis Drive, Suite 400, Morrisville, North Carolina, 27560, hereinafter referred to as Assignee, is desirous of acquiring the entire right, title and interest in and to said design as described in the Application, and any and all design patents which shall be granted based on the Application;

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I hereby sell, assign, transfer and set over unto the Assignee, its successors and assigns, the entire right, title and interest in and to the design, the Application, and in and to any and all foreign applications for design

registration filed on the design based on and claiming priority to the Application, and in and to any and all design patents of the United States and design registrations of foreign countries which may hereafter be granted therefor, and in any and to any and all continuations, continuations-in-part, substitutions, divisionals or reissues of the Application and of said design patents and design registrations, the same to be held and enjoyed by the Assignee, for its interest, and for its own use and behalf, and the use and behalf of its successors and assigns, to the full end of the term for which said design patents and design registrations may be granted as fully and entirely as the same would have been held and enjoyed by me had this assignment and sale not been made, and I hereby authorize and empower the Assignee, its successors, assigns or nominees to file applications for any design patents and/or design registrations or other form of protection on said design in its own name or in the name of its successor, assignee, or nominee, in any and all countries where it may desire to file such applications and where said applications may be filed by another than the designer/inventor;

And for the consideration aforesaid, I hereby covenant and agree to and with the Assignee, its successors and assigns, that at the time of the execution and delivery of these presents that I am the joint and lawful owner of our entire right, title and interest in and to the design, the applications and design patents and registrations above-mentioned and that the same are unencumbered, and that I have good right and lawful authority to sell and convey the same in the manner herein set forth.

And for the consideration aforesaid, I hereby covenant and agree to and with the Assignee, its successors and assigns, that I will, whenever its counsel or the counsel of its successors and assigns, learned in the law, shall advise that an amendment, non-provisional, divisional, continuation, continuation-in-part, or substitution of, or any other proceeding in connection with said Application, including interference proceedings, is lawful and desirable, sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid design patents or design registrations for said design, or for the reissue of the same without charge to the Assignee, its successors or assigns, but at its or their expense, and I hereby covenant and agree to

sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for procurement of design patents, design registrations, or other form of protection, for said design in countries foreign to the United States, and for further investing or confirming the right and title therein to the Assignee, its successors, assignee, or nominee, without charge to the Assignee, its successor, assignee or nominee, but at its or their own expense;

I hereby request the Commissioner for Patents and other applicable patent authorities to issue the design patents and design registrations in accordance with this instrument;

IN WITNESS WHEREOF, I have hereunto set my hand and seal.
