PATENT SECURITY AGREEMENT dated as of April 13, 2017 (this "Agreement"), by and between SurveyMonkey Inc. (the "Grantor"), and JPMorgan Chase Bank, N.A. ("JPMCB"), as Administrative Agent.

Reference is made to (a) the Refinancing Facility Agreement dated as of April 13, 2017, to the Credit Agreement dated as of February 7, 2013 (as amended, restated, supplemented or otherwise modified from time to time, the "Existing Credit Agreement"), among Grantor, a Delaware corporation, SVMK Inc., a Delaware corporation ("Holdings"), the Lenders party thereto from time to time and JPMCB, as Administrative Agent, pursuant to which the Existing Credit Agreement is amended and restated in its entirety (the "Amended and Restated Credit Agreement") and (b) the Guarantee and Collateral Agreement dated as of February 7, 2013 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Collateral Agreement"), among the Borrower, Holdings, the Subsidiary Loan Parties party thereto from time to time and JPMCB, as Administrative Agent. The Lenders and the Issuing Banks have extended, and have agreed to extend, credit to the Grantor subject to the terms and conditions set forth in the Amended and Restated Credit Agreement. The Grantor will derive substantial benefits from the extension of credit to the Grantor under the Amended and Restated Credit Agreement and is willing to execute and deliver this Agreement in order to induce the Lenders and the Issuing Banks to extend such credit. Accordingly, the parties hereto agree as follows:

SECTION 1. Terms. Each capitalized term used but not otherwise defined herein shall have the meaning specified in the Amended and Restated Credit Agreement or the Collateral Agreement, as applicable. The rules of construction specified in Section 1.03 of the Amended and Restated Credit Agreement also apply to this Agreement, mutatis mutandis.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations, the Grantor, pursuant to the Collateral Agreement, did and hereby does grant to the Administrative Agent, its permitted successors and assigns, for the benefit of the Secured Parties, a security interest in all right, title and interest in, to and under any and all of the following assets and properties now owned or at any time hereafter acquired by the Grantor or in which the Grantor now has or at any time hereafter may acquire any right, title or interest (collectively, the "Patent Collateral"):

All patent rights in any work subject to the patent laws of the United States, whether as author, assignee, transferee or otherwise; and all registrations and applications for registration of any such patent in the United States, including registrations, recordings, supplemental registrations and pending applications for registration in the United States Patent and Trademark Office, including those listed on Schedule I.

SECTION 3. <u>Collateral Agreement</u>. The security interests granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Collateral Agreement. The Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the Patent Collateral are more fully set forth in the Collateral Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Collateral Agreement, the terms of the Collateral Agreement shall govern.

SECTION 4. <u>Counterparts</u>. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or other electronic imaging shall be effective as delivery of a manually executed counterpart of this Agreement.
