PATENT ASSIGNMENT

This assignment made on the date indicated below by 3B Technologies, LLC, a Georgia limited liability company, having a place of business at 5592 Forkwood Drive, Acworth, GA 30101 (Assignor) to 3B Technologies II, Inc., a Georgia corporation, having a place of business at 5592 Forkwood Drive, Acworth, GA, 30101 (Assignee);

WHEREAS, Assignor presently owns all right, title, and interest in and to United States Patent Application No. 13/481,360 entitled "Efficient Vehicle Power Systems" (the "Patent Application") and any patent applications related thereto as parent or child;

WHEREAS, Assignee desires to acquire by formal, recordable assignment Assignor's entire right, title, and interest in and to the Patent Application in the United States and throughout the world.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, its entire right, title, and interest in and to said Patent Application in the United States and throughout the world, including the exclusive right to file any provisional, design, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Patent Application directly in the name of Assignee, and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, Assignor, its legal representatives, and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application (or any

rights related thereto) in the United States and throughout the world, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Patent Application, and any patents granted thereon in the United States and throughout the world.

Assignor represents and warrants that it has not granted, and will not grant, to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States, and of all foreign countries, to issue any Patent granted from said Patent Application, or from any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of the entire interest in said Patent Application.

Assignors hereby acknowledge that any willful false statement made in this assignment is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

IN WITNESS WHEREOF, Assignors have executed this Assignment on the date as set forth below.
