PATENT SECURITY AGREEMENT

February 1, 2017

PARTIES

Edison Industrial Innovation, LLC, an Ohio limited liability company, having an address of 2200 Lapsley Lane, Bowling Green, Kentucky 42103 (*Debtor*)

Acoustech Systems, LLC, an Ohio limited liability company and wholly-owned subsidiary of Debtor, having an address of 1305 Kinnear Road #184, Columbus, Ohio 43212 (*Acoustech*)

Cumberland & Western Resources, LLC, a Wyoming limited liability company, having an address of 2200 Lapsley Lane, Bowling Green, Kentucky 42103 (*Lender*)

BACKGROUND

This Patent Security Agreement is executed pursuant to the Loan and Security Agreement, dated February 1, 2017, (*Security Agreement*) between Debtor, Acoustech and Lender. Lender has agreed to make certain loans (the *Loans*) to Debtor, and Debtor has agreed to provide certain *Collateral* to secure the Loans, all on the terms and conditions set forth in the Security Agreement. Those conditions include the execution, delivery and recordation of this Patent Security Agreement (this *Agreement*).

AGREEMENT

The parties agree as follows:

1. Supplement to Security Agreement

This Agreement has been entered into in conjunction with the Security Interest granted to Lender under the Security Agreement. The terms of this Agreement are supplemental to and not in replacement of the terms of the Security Agreement, and the rights and remedies of Lender with respect to the security interests granted herein are without prejudice to, but in addition to, those set forth in the Security Agreement. If there is any conflict between this Agreement and the Security Agreement, the Security Agreement will govern.

2. Security Interest and Collateral

To secure Debtor's performance of its present and future obligations under the Security Agreement, Debtor grants Lender a security interest in all Debtor's present and future rights and interest in the issued patents and patent applications identified on Schedule 1 to this Agreement.

3. General Provisions

The provisions of the Security Agreement are incorporated herein by reference.

4. Terms and usages in Security Agreement

All capitalized terms used in this Agreement and not otherwise defined herein will have the meanings assigned to them in the Security Agreement. Unless otherwise stated or the context clearly requires otherwise, the usage rules set forth in Section 11(c) of the Security Agreement will apply to this Agreement.

5. Recording

Debtor authorizes and requests the United States Patent and Trademark Office to record this Patent Security Agreement.

6. Termination

When all the obligations have been completely and indefeasibly paid and performed in full and Lender no longer has a commitment to make any Loan to Debtor, this Agreement will terminate.
