ASSIGNMENT

WHEREAS, we, Frank Sterpka of 47 Skyview Drive Apt. 3, West Hartford, CT 06117 and Philip Nathan of 3 Knollwood Road, West Hartford, CT 06110 (ASSIGNORS), have invented certain new and useful improvements for a *Tubular Base for Fans* for which ASSIGNORS have executed an application for Letters Patent in the United States identifying ASSIGNORS as the only inventors thereof, said application being identified as 29/313,490 filed January 12, 2009, Thompson Coburn LLP Docket 58607/150610; said application being issued by the U.S. Patent and Trademark Office as Patent No. D632,777 on February 15, 2011; and

WHEREAS, O2COOL, LLC, a limited liability company of the State of Delaware having its principle office and place of business at 168 N. CLINTON, SUITE 500, CHICAGO, IL 60661, (ASSIGNEE) is desirous of confirming that it has acquired the entire right, title and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to said Letters Patent obtained thereon.

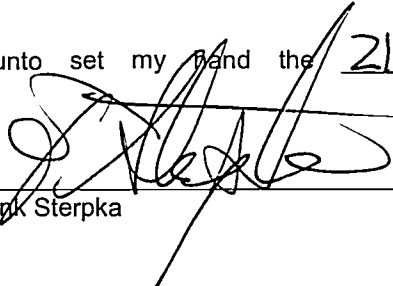

WHEREAS, on or around January 12, 2009, we assigned all of our right, title, and interest in and to the invention and improvements as disclosed in said application, in and to said application, and in and to any and all Letters Patent and applications filed therefor or granted, including provisionals, non-provisionals, divisionals, continuations, continuations-in-part, reissues, reexaminations, and extensions obtained or to be obtained therefor in the United States and all foreign countries, including all priority rights and all rights to claim priority; and ASSIGNORS further agree to cooperate with ASSIGNEE hereunder in the obtaining and sustaining of any and all such Letters Patent as ASSIGNEE may desire to apply for, but at the expense of said ASSIGNEE obtained thereon to ASSIGNEE.

NOW THEREFORE, for good and valuable consideration, the receipt and adequacy of all of which are hereby acknowledged, ASSIGNORS do hereby confirm their previous assignment as having sold, assigned, and transferred said invention and improvements as disclosed in said application, in and to said application, and in and to said Letters Patent obtained thereon to O2COOL. To the extent not previously accomplished, ASSIGNORS now hereby assign and transfer unto said ASSIGNEE, its successors or assigns, ASSIGNORS' entire right, title, and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to said Letters

Patent obtained thereon, including all causes of action, rights for recovery and claims for damages or other relief, past, present and future, relating to said Letters Patent; and ASSIGNORS further agree to cooperate with ASSIGNEE hereunder in the obtaining and sustaining of any and all such Letters Patent as ASSIGNEE may desire to apply for, but at the expense of said ASSIGNEE. For said considerations, ASSIGNORS hereby assign agree, upon the request and at the expense of ASSIGNEE, to execute any provisional, non-provisional, divisional, continuation, continuation-in-part or substitute application for said invention or improvements, and any oath or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application(s), and, in the event of any application or Letters Patent assigned herein becoming involved in any derivation proceeding, interference, or third party challenge, to cooperate to the best of the ability of ASSIGNORS in the matters of preparing and executing any petition, affidavit, or other document relating thereto and giving and producing evidence in support thereof. ASSIGNORS agree to perform, upon request, any affirmative acts to obtain said Letters Patent of the United States or foreign country and vest in said ASSIGNEE all rights therein, whereby said Letters Patent will be held and enjoyed by ASSIGNEE, to the full end of the term for which said Letters Patent has been granted as fully and entirely as the same would have been held and enjoyed by ASSIGNORS if this ASSIGNMENT had not been made.

AGREED TO AND ACCEPTED BY ASSIGNORS:

IN WITNESS WHEREOF, I have hereunto set my hand the 21ST day of MARCH, 2017.

ASSIGNMENT

WHEREAS, we, Frank Sterpka of 47 Skyview Drive Apt 3, West Hartford, CT 06117 and Philip Nathan of 3 Knollwood Road, West Hartford, CT 06110 (ASSIGNORS), have invented certain new and useful improvements for a *Tubular Base for Fans* for which ASSIGNORS have executed an application for Letters Patent in the United States identifying ASSIGNORS as the only inventors thereof, said application being identified as 29/313,490 filed January 12, 2009, Thompson Coburn LLP Docket 58607/150610; said application being issued by the U.S. Patent and Trademark Office as Patent No. D632,777 on February 15, 2011; and

WHEREAS, O2COOL, LLC, a limited liability company of the State of Delaware having its principle office and place of business at 168 N. CLINTON, SUITE 500, CHICAGO, IL 60661, (ASSIGNEE) is desirous of confirming that it has acquired the entire right, title and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to said Letters Patent obtained thereon.

WHEREAS, on or around January 12, 2009, we assigned all of our right, title, and interest in and to the invention and improvements as disclosed in said application, in and to said application, and in and to any and all Letters Patent and applications filed therefor or granted, including provisionals, non-provisionals, divisionals, continuations, continuations-in-part, reissues, reexaminations, and extensions obtained or to be obtained therefor in the United States and all foreign countries, including all priority rights and all rights to claim priority; and ASSIGNORS further agree to cooperate with ASSIGNEE hereunder in the obtaining and sustaining of any and all such Letters Patent as ASSIGNEE may desire to apply for, but at the expense of said ASSIGNEE obtained thereon to ASSIGNEE.

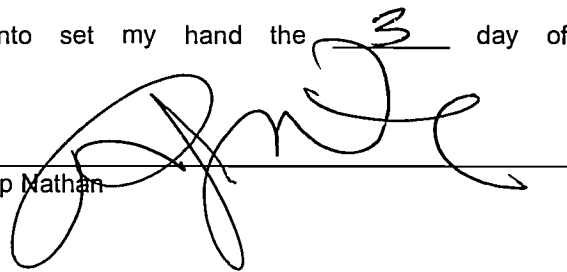

NOW THEREFORE, for good and valuable consideration, the receipt and adequacy of all of which are hereby acknowledged, ASSIGNORS do hereby confirm their previous assignment as having sold, assigned, and transferred said invention and improvements as disclosed in said application, in and to said application, and in and to said Letters Patent obtained thereon to O2COOL. To the extent not previously accomplished, ASSIGNORS now hereby assign and transfer unto said ASSIGNEE, its successors or assigns, ASSIGNORS' entire right, title, and interest in and to said invention and improvements as disclosed in said application, in and to said application, and in and to said Letters

Patent obtained thereon, including all causes of action, rights for recovery and claims for damages or other relief, past, present and future, relating to said Letters Patent; and ASSIGNORS further agree to cooperate with ASSIGNEE hereunder in the obtaining and sustaining of any and all such Letters Patent as ASSIGNEE may desire to apply for, but at the expense of said ASSIGNEE. For said considerations, ASSIGNORS hereby assign agree, upon the request and at the expense of ASSIGNEE, to execute any provisional, non-provisional, divisional, continuation, continuation-in-part or substitute application for said invention or improvements, and any oath or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application(s), and, in the event of any application or Letters Patent assigned herein becoming involved in any derivation proceeding, interference, or third party challenge, to cooperate to the best of the ability of ASSIGNORS in the matters of preparing and executing any petition, affidavit, or other document relating thereto and giving and producing evidence in support thereof. ASSIGNORS agree to perform, upon request, any affirmative acts to obtain said Letters Patent of the United States or foreign country and vest in said ASSIGNEE all rights therein, whereby said Letters Patent will be held and enjoyed by ASSIGNEE, to the full end of the term for which said Letters Patent has been granted as fully and entirely as the same would have been held and enjoyed by ASSIGNORS if this ASSIGNMENT had not been made.
