**ASSIGNMENT**

WHEREAS We, the below named company (hereinafter referred to as Assignor), are owner of an invention entitled:

**A METHOD FOR MECHANICAL AND HYDRODYNAMIC MICROFLUIDIC TRANSFECTION AND APPARATUS THEREFOR**

for which an International Patent Application was filed under the Patent Cooperation Treaty on November 26, 2015 (PCT Application No. PCT/AU2015/050748); and

WHEREAS, Indee, Inc., a Delaware, United States company whose address is 1521 Concord Pike No. 303, Wilmington, Delaware (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in and to this invention in all countries throughout the world, and in and to the applications for Letters Patent on this invention throughout the world and the Letters Patent to be issued upon these applications;

NOW THEREFORE, let it known that, for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, we, as Assignors, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, our entire right, title, and interest in and to this invention, Australian Provisional Application No. 2015900021, filed January 7, 2015, and this application, and all divisionals, and continuations thereof, and all Letters Patent of Australia and the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of the above provisional application, as well as all rights to claim priority on the basis of this application, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof, and all rights to damages in respect thereof; and we hereby authorize and request the Commissioner of Patents of Australia and of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, WE HEREBY covenant that we have the full right to convey the interest assigned by this Assignment, and we have not executed and will not execute any agreement in conflict with this Assignment;

AND, WE HEREBY further covenant and agree that we will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to us respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors or assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in Australia, the United States and any foreign country, it being understood that any
