## ASSIGNMENT OF RIGHTS IN INVENTION

Assignment made this 14 day of April, 2017, by Roy W. Jorgensen, of Evansville, Indiana, herein referred to as "Assignor," to Separation By Design, Inc., an Indiana corporation, herein referred to as "Assignee."

### RECITALS

A. Assignor has a vested interest in a certain new and useful improvement as more identified and described as the "Secondary Containment System for DEF Storage Container" (hereinafter referred to as the "Invention"), for which Assignor executed an application for letters patent, which was filed in the United States Patent Office ("USPTO") on October 16, 2014 and assigned Application No. 14/515,923.

B. Assignee desires to acquire the entire ownership interest in and to the Invention. The term "Invention" as used in this Assignment, includes, but is not limited to, any trade names and trademarks associated with the Invention, any and all interest in such product now owned by Assignor or hereafter acquired during the term of this Assignment. It shall also include trade dress, ideas and slogans utilized in the preparation and presentation of the Invention, or any combination of all or part of the aforementioned. It shall also include ownership interest in said Letters Patent of the United States, and any foreign countries that may be granted thereon.

1. Assignment. In consideration of One Dollar (\$1) and other valuable consideration, receipt of which is acknowledged by Assignor, Assignor assigns to Assignee his entire right, title and ownership interest in and to the Invention, as heretofore defined; and in any patents on the Invention and/or the improvements that may be granted in the United States or any foreign country, and in any applications for such patent and to each reissue or extension of the patent.

2. Cooperation. Assignor agrees to cooperate with Assignee such that Assignee may enjoy to the fullest extent the rights conveyed hereunder. Included within the scope of the duties is cooperation in such proceedings involving the United States and foreign applications and patents as opposition, cancellation proceedings, priority contest, public use proceedings, court actions, and the like.

3. Parties. The terms and provisions of this Assignment shall inure to the benefit of Assignee, its successors, and/or other legal representatives, and shall be binding on the Assignor, his heirs and legal representatives.

4. Warranty. Assignor warrants and represents that he has not entered into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date first above written.
