ASSIGNMENT

ASSIGNOR: Smart Inspection Systems, LLC

Status: a Delaware Limited Liability Company

Address: 1239 S.E. Indian Street, #108

City: Stuart State/Zip: FL 34997

ASSIGNEE: Level 3 Inspection, LLC

Status: a Delaware Limited Liability Company

Address: 1239 S.E. Indian Street, #107

City: Stuart State/Zip: FL 34997

WHEREAS, the Assignor is the owner of the entire right, title and interest in and to certain patents, patent applications, and associated inventions listed on the attached Exhibit A, and the Assignee is desirous of acquiring the same. In consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor hereby assigns to the Assignee, including its successors, assigns, heirs, administrators, all of the Assignor's rights, title and interest in and to certain patents, patent applications, and associated inventions listed herein and to any and all patents which may evolve therefrom;

NOW, THEREFORE, Assignor, intending to be legally bound, hereby assigns, transfers and delivers unto Assignee, its successors, legal representatives and assigns, all rights, title and interest in, to and under certain patents, patent applications, and associated inventions listed on the attached Exhibit A, including all other rights associated with the inventions, including, without limitation, the right to sue for and collect damages for any past infringement of the inventions, including, but not limited to, all divisionals, continuations, continuations-in-part, substitutes, reexaminations, reissues and all other applications for patent which have been or shall be filed in the United States on the inventions disclosed; all original, reissued and reexamined patents and extensions thereof which have been or shall be issued in the United States on the inventions to the full end of the term or terms for which the Patent may be granted, as fully and entirely as the same would have been held by the undersigned Assignor had this Agreement not been made; and specifically including all rights of priority created by the Patents under any treaty, convention or law relating thereto.

Assignor agrees, when requested, to carry out in good faith the intent and purpose of this Agreement, to execute and deliver to Assignee, all non-provisionals, divisionals, continuations, continuations-in-part, substitutes, reexaminations, reissues, and all other patent applications on the inventions; all lawful oaths, declarations, assignments, powers of attorney and other papers; and

generally do everything possible which Assignee shall consider desirable for vesting title to the inventions in Assignee, and for securing, maintaining and enforcing proper patent protection for the inventions; the Assignor agrees to execute any papers or perform any acts required to establish, vest or protect the Assignee's rights therein or required by Assignee to obtain the patents, without any additional payment therefor, but without any expense to Assignor.
