**Whereas, PEIKER acustic GmbH & Co. KG** ("Assignee"), a corporation organized and existing under the laws of Germany and residing at Max-Planck-Strasse 32, 61381 Friedrichsdorf, Germany, is desirous of acquiring the entire right, title and interest in, to and under U.S. Patent Nos. 7,277,539 B2 and D556,746 S and all other rights in the United States to the inventions covered thereby;

**Now, therefore,** for One Dollar (\$1.00) and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged by both parties, the Assignors hereby sell, assign and transfer to the Assignee the entire right, title and interest in, to and under U.S. Patent Nos. 7,277,539 B2 and D556,746 S, and any and all letters patents that may be obtained by the Assignee through any continuations, divisions, renewals, or substitutes thereof, as well as any letters patent that may result from any reissues or re-examinations thereof, the same to be held by the Assignee and/or any of its successors, assigns or other legal representative, to the end of the term or terms for which said letters patent of the United States are or may be granted or reissued as fully entirely as the same would have been held by the said Assignors if this assignment, sale and transfer had not been made, together with all claims for damages by reason of past infringement of said patent, with the right to sue for, and collect the same.

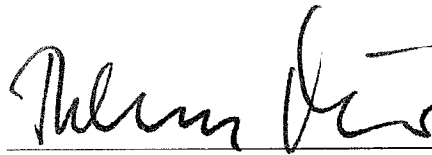

Assignors hereby covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Assignment.
