ASSIGNMENT OF PATENT BY INVENTOR

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, Christian DeCamillis of Traverse City, Michigan, do hereby assign, sell and transfer to Systems for Engraving & Stone Setting, S.L., a company organized and existing under the laws of Spain (Register No. ESB64082936) and having a registered address at Avda. Diagonal, 449 4a, 08036 Barcelona, Spain, and to its successors, assigns or other legal representatives, hereinafter referred to as ASSIGNEE, my entire right, title and interest, domestic and foreign, in and to: the inventions and discoveries in U.S. Patent No. 9,079,286 B1 entitled "Pneumatic Actuator For Impact Engraving Tool" (hereafter "above patent"), issue date July 14, 2015; the above patent, and any other patents or patent applications deriving priority therefrom including continuations, continuations-in-part, divisions, renewals, substitutes or extensions thereof, and reissues and re-examinations thereof; and, the right to make applications and receive Patents (and their equivalents) for said inventions and discoveries in any country (including the U.S.) in its own name, or in my name, at its election.

I hereby also assign, sell and transfer to ASSIGNEE all rights of priority in and to said inventions and discoveries in any country and all rights to revenues associated with commercialization of said inventions and discoveries in any country during the term of the above patent and of any such other patents or patent applications deriving priority therefrom. This includes the right to sue third parties for patent infringement, including for damages accruing from activities occurring before and after the execution date hereof.

I hereby agree for myself, and for my heirs, successors, assigns or other legal representatives, to execute any papers, including assignments and applications for Patents of all kinds in all countries, and to perform any acts which said ASSIGNEE may reasonably deem necessary to secure thereto the rights herein assigned, sold and transferred, with any expenses associated therewith after the execution date hereof to be borne by ASSIGNEE. ASSIGNEE shall be solely responsible for the payment of any maintenance or annuity fees associated with the above patent and any other patents or patent applications deriving priority therefrom.

I hereby represent and warrant that I have not granted or retained (and will not in the future grant) any rights inconsistent with the rights granted herein.

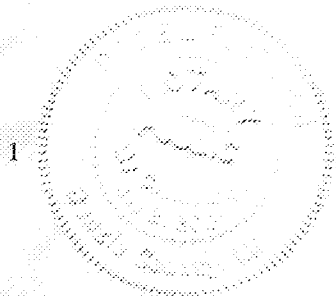

And, I authorize ASSIGNEE either directly or by and through its attorneys to receive all correspondence from the U.S. Patent and Trademark Office related to the above patent.
