## ASSIGNMENT

WHEREAS, **Dimitrios HORIANOPOULOS**, whose full post office address is **Georgiou Pandreou 36, Agii Anargiri Attkis, 135-62 Athens, Greece**, and **Stefanos HORIANOPOULOS**, whose full post office address is **26-200 Fitch Street, Suite 147, Welland, Ontario L3C 4V9, Canada** (hereinafter the "Assignors"), are the inventors of an invention, which is the subject of an International Application entitled **RAILROAD KINETIC ENERGY HARNESSING APPARATUS**, filed under Application No. **PCT/CA2014/050375** (hereinafter the "International Application"), under the provisions of the Patent Cooperation Treaty (PCT), on **April 15, 2014**, claiming priority from U.S. Provisional Application entitled **RAILROAD KINETIC ENERGY HARNESSING APPARATUS**, filed under Application No. **61/811,926** on **April 15, 2013**;

AND WHEREAS, **KINERGYPOWER INTERNATIONAL CORP.**, whose full post office address is **26-200 Fitch Street, Suite 147, Welland, Ontario L3C 4V9, Canada** (hereinafter the "Assignee"), has acquired from the Assignors all of their entire right, title and interest in and to the said invention, in all countries of the world, including all of their rights to the International Application, and all related applications, including any and all national and regional phase applications based on the International Application, and all substitutes, divisionals, continuations, and continuations-in-part, and all patents, that may be obtained therefor, and in any and all reissues, extensions, renewals, reexaminations of said applications and patents;

NOW THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of all of which is hereby acknowledged, the Assignors by these presents confirm that, as of the filing date of the International Application, they have sold, assigned and transferred, and do hereby sell, assign and transfer to said Assignee, their entire right, title and interest in and to the invention, the International Application, and all other applications and patents based on the International Application, to be held and enjoyed by the Assignee, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by the Assignors, had this Assignment not been made.

The Assignors authorize and empower said Assignee, its successors, assigns and legal representatives or nominees, to invoke and to claim for any application for patent or other form of protection for said invention or for additions and modifications thereto, filed by it or them, the benefit of the right of priority provided by: the International Convention for the Protection of Industrial Property, as amended; any convention which may henceforth be substituted for it; membership in the World Trade Organization; or any other applicable International treaty, convention or agreement; and to invoke and to claim such right of priority without further written or oral authorization from them.

The Assignors hereby confirm that the International Application was made or was authorized to be made by themselves and that they believe themselves to be the original inventors or joint inventors of a claimed invention in the International Application.

The Assignors shall without further consideration do all such things and execute all such documents as may be necessary or desirable to obtain and to maintain applications and patents for said invention and for additions and modifications thereto in any and all countries, and to vest title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

The Assignors authorize and empower the firm of Bereskin & Parr LLP/S.E.N.C.R.L., s.r.l., whose complete address is Scotia Plaza, 40 King Street West, 40th Floor, Toronto, Ontario M5H 3Y2, the power to insert on this assignment any further identification, to prepare any translation which may be necessary or desirable in order to comply with the rules for recordation of this document in any country, and to correct any clerical error in this Assignment.

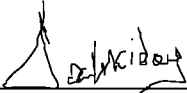

In this Assignment, in accordance with provisions of Article 2 (i) and (ii) of the PCT, "application" means an application for the protection of an invention; references to an "application" shall be construed as references to applications for patents for inventions, inventors' certificates, utility certificates, utility models, patents or certificates of addition, inventors' certificates of addition, and utility certificates of addition;

references to a "patent" shall be construed as references to patents for inventions, inventors' certificates, utility certificates, utility models, patents or certificates of addition, inventors' certificates of addition, and utility certificates of addition.

If a provision of this Assignment is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision of this Assignment, or the validity or enforceability in other jurisdictions of that or any other provision of this Assignment.

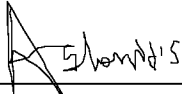

The Parties confirm their express wish that this Assignment be drawn up in the English language. *Les parties confirment leur volonté expresse que cette cession soit rédigée en langue anglaise.*
