### ASSIGNMENT OF INTELLECTUAL PROPERTY

This ASSIGNMENT OF INTELLECTUAL PROPERTY is made and entered into by and between I. Kurt Rosen, a U.S. Citizen residing at 440 Mid Oak Drive, North Muskegon, Michigan 49445, (Hereinafter "Assignor"), and Hydro-Ject, LLC, a Delaware Corporate Trust having a registered office located at The Corporation Trust Center, 1209 Orange Street, Wilmington, Delaware 19801 (Hereinafter "Assignee").

### RECITALS

WHEREAS, Assignor has acquired full right and title to Intellectual Property and now wishes to assign such Intellectual Property to Assignee;

WHEREAS, Assignee is a Trust having I. Kurt Rosen as Trustee and sole member, and Assignee is organized for the purpose of holding Intellectual Property assigned by Assignor;

"Intellectual Property" means patents and applications listed in Exhibit A and other patents, patent applications, utility models, rights to inventions, copyright and related rights, trade secrets, and the rights to sue for future and past infringement or theft of trade secrets and confidential information, and all other intellectual property rights, in each case whether registered or unregistered and including all applications, registrations granted pursuant to any of the applications and rights to apply for and be granted, renewals or extensions of and rights to claim priority from such rights, and all similar or equivalent rights or forms of protection which subsist or will subsist now or in the future in any part of the world.

NOW, THEREFORE, be it known by all whom it may concern, that for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, the Assignor has assigned, sold and set over, and by these presents assign, sells and sets over unto the Assignee, its successors, legal representatives and assigns, Intellectual

Property to be enjoyed by the Assignee, as fully and entirely as the same would have been held by the Assignor had this Assignment and sale not been made.

Assignor represents and warrants to Assignee, to Assignor's knowledge, that Assignor owns the entire right, title, and interest in and to the Intellectual Property, and no third party owns or otherwise holds any right, title, or interest in, to, or under the Intellectual Property (patents). Assignor further represents and warrants to Assignee, to Assignor's knowledge, that (i) the Patents are valid, (ii) no claim has been made that the Patents are invalid, (iii) the Patents are enforceable, (iv) no claim has been made that the Patents are unenforceable and the Patents not currently infringed by any third party.

This Assignment and the documents referred to or incorporated in it constitute the entire agreement between the parties relating to the subject matter of this Assignment and supersedes and extinguishes any prior drafts, agreements, undertakings, representations, warranties and arrangements of any nature whatsoever, whether or not in writing, between the parties in relation to the subject matter of this Assignment.

AND the Assignor hereby covenants and agrees that the Assignor will at any time upon the request and at the expense of the Assignee execute and deliver any and all papers and do all lawful acts that may be necessary or desirable to perfect the title to said invention and to obtain Letters Patent therefore, and the Assignor hereby authorizes and requests the Commissioner of Patents to issue said Letters Patent to the said Assignee in accordance with this Agreement.

IN WITNESS WHEREOF, the parties have executed this Assignment as of the date indicated above.
