Background

1. **Dr. Jonathan P. Garino and Dr. Robert A. Ruggiero, Sr.** ("Garino *et al.*") are the inventors of an invention described in a utility non-provisional-patent application entitled "**OXIDIZED-ZIRCONIUM-ALLOY ARTICLE AND METHOD THEREFOR**" filed in the United States Patent and Trademark Office on April 6, 2015, and was given U.S. Application Serial No. 14/679,335 (the "Application"). As used in this Assignment, "Invention" means: (a) the Application; (b) any and all inventions which are disclosed but not claimed in the Application; (c) any and all inventions which are disclosed and claimed in the Application; (d) any and all improvements, developments, and modifications to the invention deriving from the Application; and (e) any and all applications, continuations, continuations-in-part, divisions, and requests for continued examination which claim priority to the Application.

2. **RGP Innovations, LLC** ("RGP") desires to acquire the entire, right, title, and interest in, to and under the Invention, and to and under Letters Patent or similar legal protection when granted in the United States and foreign countries.

Assignment

3. For good and valuable consideration received by Garino *et al.* from RGP, receipt and sufficiency of which is hereby acknowledged, Garino *et al.* hereby assigns and transfers to RGP, the entire right, title, and interest in and to the Invention, and any and all United States Letters Patents which may be granted thereon, and all reissues, reexaminations, and on any application that is a division, substitution, continuation, or continuation-in-part of the Invention, and extensions of the Invention; and all proprietary rights under International Agreements, Treaties and Conventions, in every participating country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for the Invention in any foreign countries, and all reissues, reexaminations and extensions on the Invention in any foreign country.

4. Garino *et al.* agrees to cooperate with RGP so that RGP may enjoy to the fullest extent the rights conveyed under this Assignment. Such duty includes prompt execution of all

PATENT

papers, to be prepared at the expense of RGP, that are deemed necessary or desirable to perfect the conveyed rights.

5. The term, agreements, and provisions of this Assignment will inure to the benefit of RGP, its successors, assigns, and other legal representatives, and will be binding on *Garino et al.*, *Garino et al.*'s heirs, assigns, and other legal representatives.

6. *Garino et al.* warrants and represents that they (individually or jointly) have not entered into any assignment, contract, or understanding in conflict with this Assignment.

7. This Assignment may be signed in counterparts, each one of which is considered an original, but all of which constitute one and the same instrument.

We agree with, and make this Assignment Effective as of April 6, 2015.
