Assignment

WHEREAS I, an inventor named below, have made an invention entitled:

Method and System for Decontaminating Materials

for which I

- executed an application for United States Letters Patent concurrently herewith or
- filed an application for United States Letters Patent on May 12, 2015 (Application No. 14/710,521); and

WHEREAS RASIRC, Inc., having an address at 7815 Silverton Avenue #2, San Diego, CA 92126 ("Assignee"), is desirous of securing the entire right, title, and interest in and to this invention in all countries throughout the world, including the application for United States Letters Patent on this invention and the Letters Patent to be issued upon this application or invention and the corresponding applications and patents to this invention in all countries;

NOW THEREFORE for the sum of \$1 (one U.S. dollar) and other good and valuable consideration the receipt of which from Assignee is hereby acknowledged, I have sold, assigned, transferred and set over, or do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, my entire right, title, and interest in and to this invention and this patent application, and all corresponding non-provisional and international applications, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of the above application, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof.

I authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment.

I have the full right to convey the interest assigned by this Assignment, and I have not executed and will not execute any agreement in conflict with this Assignment.

I will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to me respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors and assigns, execute all non-provisional, international, divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document, to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

Attorney Docket No. 0030.0017.US01

Name of Inventor:	Daniel Alvarez Jr.
