## **ASSIGNMENT**

**THIS ASSIGNMENT**, made by iBalance Medical, Inc., a Corporation organized under and pursuant to the laws of Delaware, having its principal place of business at 1370 Creekside Boulevard, Naples, Florida 34108 (hereinafter referred to as Assignor);

**WHEREAS**, Assignor has been assigned certain inventions represented in Letters Patents and Applications for Letters Patent in both the United States and elsewhere, set forth in the attached Schedule of Patents/Applications (hereinafter iBalance Patents/Applications); and

**WHEREAS**, Arthrex, Inc., a Corporation organized under and pursuant to the laws of Delaware having its principal place of business at 1370 Creekside Boulevard, Naples, Florida 34108 (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to said iBalance Patents/Applications, and in and to any Letters Patent to be obtained therefor, and thereon.

**NOW, THEREFORE**, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over, and by these presents does sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned iBalance Patents/Applications, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of said iBalance Patents/Applications, and any and all Letters Patent in the United States and all foreign countries which may be granted therefore and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property including all rights of priority, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made.

**AND** for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignor is the sole and lawful owners of the entire right, title and interest in and to the said iBalance Patents/Applications above-mentioned, and that the same are unencumbered and that Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

**AND** for the same consideration, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any iBalance Patent/Application, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said iBalance Patents/Applications, or any proceeding in connection with any Letters Patent or applications for Letters Patent for said inventions in any country, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent, to be obtained thereon, is lawful and desirable.

**AND** Assignor hereby requests the Commissioner of Patent and Trademarks to issue said Letters Patents of the United States to Assignee, as Assignee of said inventions and the Letters Patents to be issued thereon, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.

**AND** Assignor hereby grants the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document:
