PATENT ASSIGNMENT

This PATENT ASSIGNMENT (this "Assignment"), effective as of May 22, 2017 (the "Effective Date") is made by and between:

BASF SE, a European Company, with a place of business at 67056 Ludwigshafen, Carl Bosch Strasse 38, Germany, ("Assignor"), and

MICROTEK LABORATORIES, INC., a corporation of the State of Ohio, having its principal place of business at 2400 East River Road, Dayton, Ohio, 43439 ("Assignee"), referred to herein collectively as the Parties.

WHEREAS, Assignor holds all legal right, title and interest in and to patents (the "Patents"), shown in Exhibit A hereto.

WHEREAS, Assignor desires to assign and transfer to the Assignee all of its legal interest in and to the Patents.

WHEREAS, Assignee desires to accept from the Assignor the assignment and transfer of all of such Assignor's legal interest in and to the Patents.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, each intending to be legally bound:

1. Assignor does hereby assign and transfer to the Assignee, its successors and assigns, and the Assignee hereby accepts the transfer and assignment of, any and all of the Assignor's legal interest in and to the Patents including, without limitation, all right to file any provisional, non-provisionals, divisions, continuations or continuations-in-part patent applications covering the Patents, re-examinations thereof and the inventions therein disclosed, and any patent or patents that may be issued or reissued thereon, and Assignor hereby authorizes and requests the Commissioner for Patents to issue any letters patents thereon and reissues thereof unto Assignee, its successors and assigns, and Assignor hereby authorizes Assignee, its successors and assigns, to file in its own name applications for patents in the United States and foreign countries in connection with the inventions hereby transferred and to secure in its own name the patent or patents issued thereon.

2. For the above consideration, Assignor agrees promptly upon request of Assignee, its successor or assigns, to execute and deliver without further compensation any additional papers and make all rightful oaths, and all other acts which may be necessary in connection with any United States or foreign patent applications that may be filed, and with improvements thereon, and in connection with any patents issued or reissued thereon to secure, obtain or enforce proper patent protection for the inventions disclosed therein and all associated rights in this or any foreign country including any additional documents needed to record and fully effect the transfer of patent rights made herein in the United States or any foreign country.
