Datrium, Inc., ("Datrium"), organized and existing under the laws of the State of California and having its principal place of business at 385 Moffett Park Drive, Suite 205, Sunnyvale, CA 94089, USA, wishes to acquire the entire right, title and interest in and to the Invention, the Application, and to any patents to be obtained in any countries based on the Invention, and any improvements thereon.

In exchange for sufficient consideration that we acknowledge, we therefore each individually agree as follows:

1. I hereby assign and transfer to Datrium, its successors, assigns and legal representatives, the entire right, title and interest in and to the Invention and the Application, and all divisional, continuing, substitute, renewal, reissue, and other applications for patents, which have been or may be filed in any country that claim priority of the Application or are otherwise based on the Invention;
2. I agree that the foregoing rights conveyed to Datrium include all priority rights arising from the filing of the Application, the right to own in its own name the Application and all patents in all countries, and other applications for patents based on the Invention, and further the sole right to file applications for foreign patents based on the Invention;

5. I warrant and represent that I have conveyed no assignment, grant, lien, mortgage, license or other encumbrance affecting the Invention to any other person; that, to my knowledge, no such conveyance exists otherwise; and that I have the full power to convey the rights assigned in this Assignment.
