(the "Pledgor"), in favor of U.S. BANK NATIONAL ASSOCIATION, in its capacity as collateral agent pursuant to the Second Lien Term Loan Agreement (in such capacity, the "Collateral Agent").

WITNESSETH:

WHEREAS, the Pledgor is party to a Second Lien Term Loan Security Agreement (as amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement," capitalized terms used but not otherwise defined herein shall have the meanings assigned to such terms in the Security Agreement), dated as of May 15, 2017, made by WILTON BRANDS LLC, a Delaware limited liability company, the other Pledgors party thereto and the Collateral Agent in favor of the Collateral Agent pursuant to which the Pledgor is required to execute and deliver this Patent Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Collateral Agent, for the benefit of the Secured Parties, to enter into the Second Lien Term Loan Agreement, the Pledgor hereby agrees with the Collateral Agent as follows:

SECTION 1. Defined Terms. Unless otherwise defined herein, terms defined in the Security Agreement and used herein have the meaning given to them in the Security Agreement.

SECTION 2. Grant of Security Interest in Patent Collateral. The Pledgor hereby pledges and grants to the Collateral Agent for the benefit of the Secured Parties a lien on and security interest in and to all of its right, title and interest in, to and under all Patents of the Pledgor listed on Schedule I attached hereto.

SECTION 3. Security Agreement. The security interest granted pursuant to this Patent Security Agreement is granted in conjunction with the security interest granted to the Collateral Agent pursuant to the Security Agreement and Pledgor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the security interest in the Patents made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Patent Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

SECTION 4. Termination. Upon the payment in full of the Secured Obligations and termination of the Security Agreement, the Collateral Agent shall, upon the written request and at the sole cost and expense of the Pledgor, execute, acknowledge, and deliver to the Pledgor an instrument in writing in recordable form releasing the lien and security interest in the Patents under this Patent Security Agreement in accordance with Section 11.4 of the Security Agreement.

SECTION 5. Governing Law. THIS PATENT SECURITY AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK.

SECTION 6. Counterparts. This Patent Security Agreement may be executed in any number of counterparts, all of which shall constitute one and the same instrument, and any party hereto may execute this Patent Security Agreement by signing and delivering one or more counterparts.

This Patent Security Agreement has been signed by U.S. Bank National Association not in its individual capacity but solely in its capacity as Collateral Agent. It is hereby expressly understood and agreed that the Collateral Agent shall be entitled to the same rights, protections, immunities and indemnities hereunder as set forth under the Second Lien Term Loan Agreement as if expressly set forth herein, mutatis mutandis.
